

CROSSOVER TO QUALITY

CROSSROADS

Model CF32BL

“We moved up to the Cruiser fifth wheel for its spaciousness. With slides on both sides, the center kitchen and island, plus the roomy living area, it’s the perfect RV in its price range.”

Ken and Kathy Lull

Crossover to Quality

The CrossRoads Cruiser is built with lightweight, all aluminum construction to give you more towing options. This, along with the solid construction of our hung walls, a fiberglass exterior and one-piece rubber roof are just a few standard features you won't find in comparable products.

Trailair's Equa-Flex™ Equalizer suspension ensures a smoother ride, more stable towing and improved coach and vehicle safety.

On broken pavement at 55mph, Equa-Flex™ reduced G-force up to 89% (360Hz)* at the trailer frame. It's the ultimate rough road remover! (Optional)

Standards stated throughout are partial lists only. See your dealer or www.crossroadsrv.com for a complete listing.

Construction Standards

1. One-piece, rolled-edge rubber roof w/ 12 year warranty
2. 3/8" Plywood roof decking
