Cherokee *Lite*

travel trailers & fifth wheels

The optional ceiling fan circulates the air and helps keep the interior cool.

285B - Mauve

Looking for a travel trailer with more than one slideout, close to 30 feet in length, yet light enough for your truck to haul? Cherokee Lite offers you just that.

Cherokee Lites are innovatively designed to make towing and hauling easier for both you and your vehicle. Light-weight, but built with the same solid construction as Cherokee's Standard and Wolf Pack models, giving you the quality and value you expect.

With a variety of floorplans available, you can select from a 21' non-slide travel trailer to several fifth wheel models with a slideout, including a sunroom. Plus features like cable TV and AM/FM cassette stereo/CD with remote, upgradable to the 6 + 2 sound system.

One of our most popular lineups, the Cherokee Lite gives you comfort and ease with the fun of the open road. Travel in style. Make it a Cherokee Lite.

The 10,000 gallon water filter system filters all the fresh water in your trailer.

32B - Southwest Gold - nightstands on both sides of the bed provide more storage

Cherokee is one of the fastest growing brands in the marketplace today by having better and stronger products for today's customers. Cherokee has exploded throughout the United States by giving the customer what they want. Besides having the best look out there; the 7 foot vaulted interior height on trailers, skylights in the slide for an atrium effect, heated mattress, CD/Cassette stereo with remote control, Gel Coat cap and Gel Coat sidewall options, 10,000 gallon full system water filter, the best exterior graphics, scenic view kitchen window, surround sound, over refrigerator bread storage, and double shelved overhead cabinets are just a few items that have made Cherokee uniquely different than all other brands.
