

Contessa

Beaver®

Different by Design.

DISTINCTION

You've looked at other motorhomes, but you always get that seen-one-you've-seen-them-all feeling. Until now. The 2009 Contessa grabs you from across the lot with its deluxe full-body paint, new graphics and enormous Panaview™ 1-piece windshield. And once inside, you know why Beaver owners are the most loyal in the industry. From its plush furnishings, to its gleaming polished surfaces, to its exquisite decorative details, it's all there. And that's when you realize — in the Contessa, the only thing missing is you.

ART AND CRAFT.

The first thing you notice in a Beaver coach is the beautiful wood cabinetry and trim. Handcrafted from the world's finest woods, the details create a stunning effect — and a level of quality you won't find anywhere else.

REFINEMENT At the heart

of the Contessa is its kitchen and dining areas. Whether you're preparing a romantic dinner for two, or raiding the fridge for late-night leftovers, you'll enjoy all the style and convenience of home. The polished solid surface countertop gives you plenty of workspace and is complemented by a beautiful tile and Corian® backsplash. A legless dining table completes the picture, along with two cozy upholstered chairs.

ROME | SHOWN IN PAPRIKA SPICE DECOR WITH RUSTIC CHERRY CABINETRY.

TRANQUILITY In the bedroom, you'll luxuriate in a roomy queen bed or the incomparable comfort of an optional king bed. In either case, a Select Comfort air mattress makes a great option for customizing your level of firmness for a great night's sleep. Spaciousness reigns in the bathroom, too, with a large round one-piece shower or an optional neo-angled bathtub.

POWERED BY CATERPILLAR®

Behind the beauty of a Beaver Motor Coach is the brawn of a Caterpillar® engine. The legendary power and durability of a Cat® is backed by a 5-year/200,000-mile warranty with no deductible. No one else even comes close to that kind of warranty. Plus, with ACERT® technology, the Cat® not only is the cleanest running engine and fully compliant with all EPA standards but also saves you money with the lowest operating costs in the industry.

CONTROL At the helm of the Contessa, every feature is organized to give you the utmost safety and control. Highlights include the lighted, multiplexed Smartwheel®, color rear vision with audio and optional GPS navigation. A new feature this year is an in-dash stereo/CD player with an iPod/MP3 player connection. New electric solar screens eliminate dangerous glare at the touch of a button. Shown below is an optional full pass-through slide-out storage tray, for easy packing and unpacking.

- 1 Equipped with a steel firewall and steel stepwell for added safety.
- 2 Three monitored leveling sensors (two in the rear, one in the front) continually adjust the air pressure within each air bag to maintain a level ride and eliminate nosediving, weight transfer, and floating on curved roads.
- 3 The Cushion Air Glide suspension features 10 gas-charged shocks and 10 air bags, 8 of which are outboard mounted. (RR10S)
- 4 Tires 295/80R/22.5.

6-LAYER LAMINATED GEL COAT FIBERGLASS SIDEWALL CONSTRUCTION (LEFT TO RIGHT)

- › Laminated gel coat fiberglass outer wall
- › Luaun paneling
- › Heavy-gauge tubular steel and 4" steel plate backers
- › State-of-the-art foam seals every nook and crevice
- › Luaun paneling; walls are Vac-U-Bonded for added strength
- › Decorative wall coverings

- 5 Anti-Lock Braking System with front disc brakes and rear drum brakes. Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control. The Anti-Lock Braking System (ABS) gives you superior stopping power, especially on steep grades. Together, these sophisticated systems offer the very best safety on the road.
- 6 Frame rails are constructed of 3-1/2" by 6-1/4" by 3/8" 100,000 PSI steel for greater strength; a side-mounted aluminum radiator and intercooler reduce weight, won't rust, and deliver better heat transfer than steel cooling components.
- 7 Our exclusive raised rail design provides for larger full pass-through storage bays with flush floors.

- 8 Allison® 3000 MH 6-speed transmission with electronic shifter. Our exclusive use of synthetic transmission fluid allows for up to three-year maintenance intervals for the Allison® transmission.
- 9 CAT® C-9 425 engine.
- 10 A 10,000 lb. tow hitch rating is the highest in its class. Prewired for supplemental braking system that works with your tow vehicle.
- 11 Multiplex wiring, used throughout the house, replaces cumbersome bundles of wire with separate modules. These modules communicate via a single wire, making servicing easier and reducing the overall weight of the RV. A service technician can simply hook up a laptop directly to the modules for easy troubleshooting.

5-LAYER FLOOR CONSTRUCTION

(TOP TO BOTTOM)

- › Tile or 1/2" carpet pad and carpeting
- › Dyna-span flooring provides strength and durability
- › Decibel layer intercepts and dampens road noise
- › Dyna-span flooring
- › Waterproof fiberglass underbelly provides moisture barrier

8-LAYER MOLDED FIBERGLASS ROOF CONSTRUCTION

(TOP TO BOTTOM)

- › One-piece 1/4" fiberglass roof is crowned for easy water runoff and seamlessly joined with front and rear caps
- › Vapor barrier
- › 3-1/2" tapered bead foam supports the crowned roof; center tunnel houses wiring and air conditioner ducts
- › 1/4" marine grade plywood sheeting
- › Heavy gauge tubular steel framework
- › State-of-the-art foam seals every nook and crevice
- › Luaun and vinyl paneling are Vac-U-Bonded
- › Padded vinyl interior headliner absorbs sound and is easy to clean

SOPHISTICATION

Beaver owes its plush comfort to rich upholstery, textured carpeting, unique bedspread designs and beautifully coordinated accents. For 2009, our expert designers have assembled combinations for every taste — from bold and exotic to classic and traditional.

- A. BEDSPREAD
- B. DINETTE
- C. CARPET
- D. SOFA

WARRANTIES

- › 12 Month/24,000 Mile basic limited warranty
- › 5 Year/50,000 Mile limited warranty on aluminum or steel frame structure of sidewall, roof, front and rear cap
- › 3 Year/50,000 Mile limited warranty on Roadmaster chassis

See owner's manual for complete details.

¹ Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

² All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Beaver Motor Coaches provides a weight sticker on each unit we produce

which includes that unit's tank capacities and approximate weight. Consult your local Beaver Motor Coaches dealer for unit availability and further information.

The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance.

All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Beaver Motor Coach models. Beaver Motor Coaches, the Beaver logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the

interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure.

Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.
