ISATA 6 SERIES

In the Isata 6 Series driver's seat, you'll enjoy the confidence that comes with the control, comfort, and stability of the Ford F600 4x4 Chassis. Meanwhile, everywhere you look you'll see the extra touches – including cut and buffed paint, RV-friendly features, and luxury amenities. So wherever your journeys take you – along the busy highway or up the mountain pass, or even on the “roads less traveled”, the Isata 6 Series will provide freedom and comfort like nothing else on the road.

FULL BODY PAINT PACKAGES*

With Front-End Diamond Shield

***Other Full Body Paint Options to Come!**

Platinum (Single Color Full Body Paint)

THE OPTIONAL, ALL-SEASON XPLOER PACKAGE

Tested and developed for over a decade in the Canadian Rockies

Shown with Xplorer Package Full Body Paint available in "Light" (Left), "Dark" (Right) and "Midnight" (to come).

Xplorer Package includes:

- **Dual Lithium Batteries** – 648Ah with built-in heaters to maximize off-grid efficiency
- **Enhanced Solar Power** – 1000 Watts with MPPT controllers for up to a 30% better charging rate
- **Furnace-Heated Utility Bays with Thermal-Foil Insulation** – enhance heat retention.
- **Secondary 12V Tank Heater in Utility Bay** – thermostatically-controlled; provides auxiliary/back-up heat
- **Temperature Sensor in Utility Bay** – displays on interior multiplex panel
- **Enhanced Insulation in Walls, Floor, and Roof** – more easily maintains optimal interior temperature
- **Insulated Cab Curtain** – closes off the cab area in colder climates to minimize heat loss

DYNAMAX

2745 Northland Dr. • Elkhart IN 46514
574-262-3474 • www.dynamaxcorp.com

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, occupants, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GCWR (Gross Combined Weight Rating) - is the maximum permissible loaded weight of your motor home and any towed trailer or towed vehicle. Actual GCWR of this vehicle may be limited by the sum of the GVWR and the installed hitch receiver maximum capacity rating; see hitch rating label for detail.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by each axle.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s), including full fuel, all fluids and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on stanxdard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, passengers, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
