 Winterization Package water heater bypass valve and siphon tube
 On-demand water pump
 Lockable water tank fill
 Sewage pump macerator (24V)
 Holding tank flushing system

Safety

LP, smoke, and carbon monoxide detectors
 10 BC fire extinguisher
 Ground fault interrupter
 Child seat tether anchor (NA 24V)
 High-mount brake lamps
 Daytime running lamps

Warranty⁶

12-month/15,000-mile basic limited warranty⁷
 36-month/36,000-mile limited warranty on structure⁷
 10-year limited parts-and-labor warranty on roof skin⁷

FOOTNOTES

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

Standard Equipment At No Extra Charge (Unless replaced by Optional Equipment)
