

Capture the memories.

1/2 Barrel Hidden Storage.
Wildwood products are
designed with a focus
on storage.

More for your Money.

The 28DBUD and all Wildwood models offer more value for your money. Over the last 6 years, this has helped make Wildwood the value buyers choice. The beautiful interiors are one reason. Wildwoods look like an RV costing \$5,000 - \$10,000 more. The kitchen countertop, slide-out treatments, cabinet storage, window appointments, wood grain linoleum, bedspreads, shower curtains, and the finishes on appliances, cabinets and hardware, are major elements to our success. See for yourself. Compare and make the wise and obvious choice to own a Wildwood RV by Forest River, Inc.

- 1 Shown are LG Solid surface countertops, over slide LED accent lighting, and wide open floorplan that the 28DBUD affords.
- 2 Wildwood master bedroom includes full walkaround bed, dual hanging wardrobes, and private entertainment center
- 3 Spacious bathrooms with optional overhead skylight accommodate couples and families alike with ease.

Committed to quality.

Wildwood doesn't skimp on windows, drawers, solid interior doors, cabinets or other features. We are committed to manufacturing quality built products.

- 1 Full extension ball bearing drawer guides with cabinet-grade plywood drawer slides
- 2 One or two recliners are standard equipment on all one bedroom (non-bunk) units.
- 3 This attractive shower is included on all one bedroom (non-bunk) units.
- 4 "Double Deep" kitchen overhead cabinets provide a kitchen with the best storage space in the business.
- 5 We have added a new high quality vinyl coated back splash in the kitchen that is wonderfully wrinkle-free and heat-resistant.
- 6 LED lighting is a popular standard feature that eliminates heat and reduces energy consumption.

America's Choice

Wildwood brand trailers are becoming America's choice for another reason beyond interior appointments. The quality in construction of this unit makes it the wise choice in "Family Affordability." We start with a foundation of 5/8" tongue and groove exterior-grade plywood flooring. This is glued and "ring shank" nailed to 2"x3" floor joists. This glue is so strong many refer to it as a "wood weld." Here is a list of outstanding construction exterior features.

1. Overpowered drive motor for the slideout mechanism
2. One-piece seamless SuperFlex® roof
3. Smooth fiberglass entrance and compartment doors
4. Heated enclosed fresh water tanks for extended season use.
5. Triple seal on slideout openings, with maximum duty perimeter strength.
6. Select axles with fully machined spindles, manufactured to exacting tolerances. The best spindle in the business helps your unit to pull arrow straight.
7. Our (CCC) cargo carrying capacities are as good or better than any brand in the business.
8. Towability is maximized, with the right combination of balance, axle placement, weight and aerodynamics.

DLX | LODGE

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Specification Definitions

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. Litho. U.S.A P/W: 2014.09.17
