Total Freedom - Ultra Light Selection

Escape from your busy life for a fun, hassle-free adventure with Freedom Express. These ultra light models are value packed with industry leading features. Most models come in three price points to fit any budget. Our 38" Deep Slide models offer expansive single, double and triple slide living areas. Storage and counter space are a top priority on all models. Choose from the industry's best bunk and rear lounge floorplans, plus Toy Hauler models.

Liberty and Maple Leaf Editions feature a Gel Coat Fiberglass cap.

Couples appreciate the comfortable **276 RKDS**. It's spacious, with 176 cu. ft. of interior storage, a 30" x 50" shower with a glass door, extended counter space, two convenient entrances and a wide awning that covers both doors. Shown in Java decor.

322 RLDS The Liberty Edition (Maple Leaf Edition in Canada) includes high end amenities usually reserved for travel trailers and fifth wheels costing thousands of dollars more. Family and friends will appreciate the extra amenities offered in this luxury upgrade including: LG solid surface counters, residential glass backsplash – even plush theater seating for kicking back on a rainy day, plus much more! Shown in Sunset decor.

Find Your Freedom - Ultra Lightweight Towability & Convenience

Lightweight Freedom Express has been designed for easy towing with today's half ton trucks, cross overs and mid-sized SUVs. All tanks are located under the floor to lower the center of gravity for increased storage capacity and improved handling.

257 BHS This stylish, well-planned living area has oversized windows for plenty of natural light, an upgraded entertainment center and expanded U-shape dinette seating. Shown in Chestnut decor.

The **257 BHS** has double bunk beds with storage below, a wardrobe and a pantry to hold all of your camping necessities. Shown in Chestnut decor.

192 RBS This very lightweight, open floorplan can easily be towed by smaller SUVs and is big on comfort with contemporary appliances and convenient amenities for enjoyable weekends. This model is equipped with two tables, one indoor/outdoor table from the entertainment package (above) and a seamless countertop table that is stored under the bed for easy access. Shown in Cashmere decor.

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs. per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

*Estimated Average based on standard build optional equipment.

** Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
