Original manufacturer's warranty on all appliances will be applied first. This warranty excludes the complete chassis (original chassis manufacturer warranty applies) and AGM batteries (AGM batteries have a normal 1-year manufacturer's warranty).

Chassis Warranty

5-year/100,000 mile or 100,000 kilometer Powertrain Limited Warranty covering the cost of repairs on all covered powertrain components – engine, transmission and drive system for most new Ram vehicles. 3-year/36,000 mile or 60,000 kilometer Limited Warranty provides bumper-to-bumper coverage of your vehicle, from the body to the electrical system. Refer to chassis manufacturers' website for complete details.
