LUXURY FIFTH WHEELS
& TRAVEL TRAILERS

CANYON TRAIL

YELLOWSTONE RV
Since 1948

YELLOWSTONE

SMART BY DESIGN

OWNER APPROVED. SINCE 1948.

With a rich heritage dating back 64 years, Yellowstone RV has been reborn with a new vitality. We provide more luxury features and appointments at competitive prices with high-end construction, 4-season liveability and innovative designs. Yellowstone is a breath of fresh air that you will appreciate on sight and enjoy for many years to come.

Canyon Trail XLT SB-1500 - Our competitively priced, short, agile, high-value half-ton towable fifth wheel is designed specifically for your short-bed pickup, allowing for tight turns even with 5 1/2 ft. bed trucks and 24 in. side rails.

Canyon Trail XLT - Light weight, aerodynamic mid-profile roof line for smooth tracking combined with an attractive lower front height for reduced wind resistance, better handling and improved fuel economy. Optional wardrobe slides offered to provide more living space in the bedroom and more storage space.

Canyon Trail Advanced Profile - Unique fifth wheel featuring flush floor bedroom with 6'4" ceiling at the front closet, giving you a unique choice comparable to full profile units with a lower overall exterior height that is lighter weight and easier to tow.

Canyon Trail Aztec Luxury Package - A carefully chosen group of luxury upgrades that can be added to all Canyon Trail fifth wheels, the package includes unique "Champagne" high-gloss exterior, metallic painted front cap, and luxurious interior enhancements, providing exclusive, high-value, high-end luxury living.

Canyon Trail XLT Travel Trailer - Strictly "high-end," the Canyon Trail Travel Trailer can provide four-season livability, luxury features, and top-of-the-line amenities. "Built to last" with unparalleled construction technology and a maximum-yield insulation. These are essentially fifth wheels without the steps, not light weight trailers, designed for discriminating owners who prefer a travel trailer with fifth wheel style.

XLT SB-1500 SERIES

Our unique XLT SB-1500 is available in 25 ft. to 28 ft. lengths. Shown here, our popular wrap-around dinette with "Bay Ridge" maple cabinetry. Flat screen TV is optional.

Here, our 26FRDT, one of our newest short bed half-ton towable models; sleeps six, with a spacious kitchen and entertainment center, weighing in at less than 7,400 lbs. Shown here with an optional Hide-A-Bed sofa in Sandy Beach decor.

The 30FSES, with swivel rockers, hide-a-bed sofa with reversible cushions, freestanding table and chairs, solid surface countertops and 32" LCD TV.

XLT SERIES

The XLT 30FSES takes your lifestyle to a new level of luxury, combining wide-open living spaces and rich private retreats. Well-insulated with fiberglass, expanded urethane and polystyrene insulation; furnished with high-end fabrics, furniture and "Bay Ridge" maple cabinetry, the XLT reaches new heights of luxury while delivering value no competitor can match.

You'll love the optional free-standing table and chairs with a top that slides and swivels.

EXCLUSIVE FEATURES

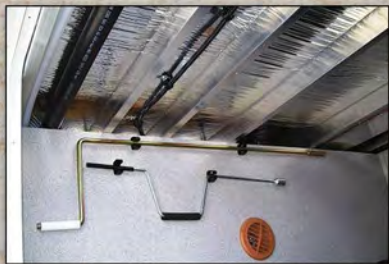

With features and construction standards that set it far above and apart from its competitors, Canyon Trail has created a unique way to combine rugged durability and residential luxury. Here you'll see just a few of the features that make Canyon Trail worth your consideration.

Get the whole story. Go to the "Features" tab at www.yellowstonervs.com or visit a Yellowstone RV Dealer.

Explore all the things that make Canyon Trail so special.

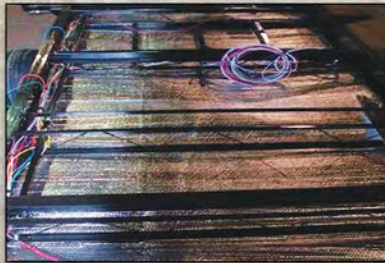

▲ 2" Hitch Receiver makes it easy to tow a small trailer or attach gear and sports racks.

▲ Thermal Foil insulation and ducted heat under your bedroom and bath keeps floors warm, cozy and comfortable.

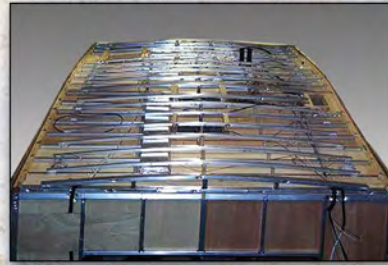

▲ A seamless ABS liner in the under-bed storage keeps your possessions cleaner and better organized.

▲ Tough, heat-reflective insulated underbelly wrap protects the chassis, water lines, and holding tanks.

Lighted, lockable outside docking center provides quick, easy access to valves, switches and water filter.

▲ Six-sided welded aluminum cage with crowned roof is stiff, resilient, rot and rust-free.

▲ Huge, well-finished basement with fold-down bulkhead wall maximizes storage and is insulated to protect your cargo.

ADVANCED PROFILE

▲ Top and above: Advanced Profile 33FRLQ showing living area and kitchen with optional Dark Cherry Stain Cabinetry.

AZTEC LUXURY PACKAGE

CANYON TRAIL

TRAVEL TRAILER

DECORS

▲ Top: Forward view of the 33FLRG; above: 33FLRQ media center. Fireplace & Dark Cherry Cabinetry are optional.

Available on entire Canyon Trail product line

- Choice of Bay Ridge Maple or optional Dark Cherry Stained Cabinetry (above) with solid hardwood doors and drawers
- Champagne High Gloss Exterior Fiberglass & Trim
- Two-Tone Fabric & Leather Air Bed Sofa or Hide-A-Bed
- Hidden Security Safe
- Pillowtop Mattress
- Champagne Hitch Pin Cover
- Color Matched Power Awning Hardware & Vinyl
- Free-Standing Dinette w/4 Chairs (Top swivels & slides)
- Leather Touch Deluxe Reciners
- Entry Door Pendant Light
- 16" Aluminum Wheels
- Overhead Cabinet above Bed

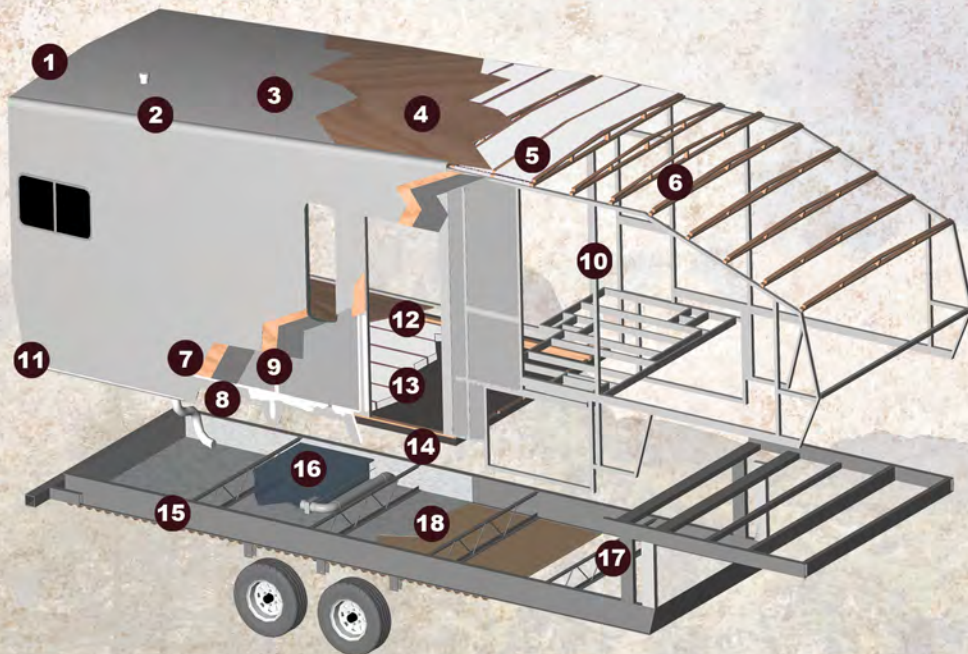

▲ The Canyon Trail 34TRLW Travel Trailer is a natural extension of the quality and value of our fifth wheels, providing the robust construction, high-performance insulation and innovative floor plans that Canyon Trail is famous for, with the flat floor many campers prefer. Note the overhead storage cabinets, glass inserts, extra-wide windows and pleated night shades. Slide room ceiling heights are 6'2"; main living area height is 7' - Both are well above the industry norm.

SUPERIOR CONSTRUCTION

Yellowstone owners enjoy the special advantage of skilled craftsmanship combined with the latest innovations in RV materials and construction.

ROOF

1. Crowned Roof improves drainage
2. Attic Vent for improved moisture control
3. Seamless One-Piece Rubber Roof w/12-Year Warranty
4. 1/2" Roof Decking
5. Thick Blanket of Fiberglass Insulation (R-14 standard, R-38 w/optional Extreme Weather Protection Package)
6. 5" Bowed Roof Trusses, 16" on center

SIDEWALL

7. Vacuum Bonded Sidewall
8. Thick Composite Waterproof Panel Backer
9. High-Density Block Foam Insulation (R-14 w/Thermal Barrier Construction)
10. Welded Aluminum Wall Studs
11. Full Radius Fender Skirt Metal

FLOOR & SUB-BASEMENT

12. 5/8" Seamless Floor Decking
13. 3" Floor Joists, 14" on center
14. Protective Vapor Barrier
15. 8" to 12" I-Beam Corrosion-Coated Main Rails
16. 100% Enclosed & Heated Underbelly with Heated Basement and Heated Rotocast Tanks
17. Spaced Rod & Angle w/Z-Bar Supports
18. R-38 Enclosed Heated Holding Tank Space

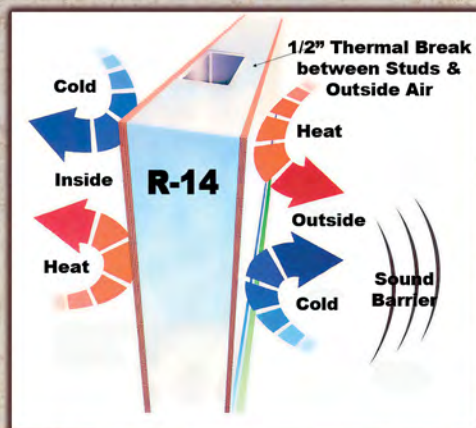

24 MONTH WARRANTY
ON STRUCTURAL & ELECTRICAL COMPONENTS

Yellowstone RV and the trusted suppliers that provide key components to Yellowstone give you extended protection. See the official written Yellowstone Warranty for complete details and restrictions.

EXTREME WEATHER PROTECTION (Optional)

The unique sidewall construction on all Canyon Trail products is fabricated with welded aluminum and a solid 2" wall of two pound density polystyrene.

ROOF: R-38

- * Fiberglass roof insulation between 5" crown full height rafters (R-14).
- * Continuous triple layer vapor barrier
- * Attic vents just like your home
- * Radiant technology insulation that provides up to R-38 depending on outside ambient temperature

SIDEWALLS: R-14

- * R-14 composite wall construction using 2 lb. density polystyrene construction

ENDWALLS: R-14

- * R-14 batten insulation

FLOOR: R-32/R-38

- * Triple insulated floor
- * R-14 batt insulation encapsulated in floor cavity
- * Double-ply vapor barrier providing 97% reflective heat technology
- * R-14 radiant heat technology
- * R-38 separate heated holding tank area
- * Fully enclosed heated basement, tanks and dump valves
- * R-14 thermal foil insulated bath & bedroom floor decks
- * Canyon Trail exclusive insulated R-14 frame rails to reduce thermal conduction

Canyon Trail Exceptional Value . . .

Yellowstone RV and its parent company have been awarded the prestigious Platinum Recreational Vehicle Manufacturer Quality and Productivity Award, recognizing a proven and documented commitment to producing the highest quality fifth wheels and travel trailers in the industry.

With a rich history dating back to 1948, Yellowstone RV, known for superior insulation, great storage and innovative floor plans, became part of one of the largest family-owned independent manufacturers in North American in 1987. Located in the heart of Amish country, the Yellowstone facilities are a self-contained part of a 200 acre complex utilizing state-of-the-art production technology.

Yellowstone employees receive ongoing quality and innovation training, fostering the most creative culture in the RV industry. Coupled with the drive to improve is the desire to retain the legacy of craftsmanship that reaches deep into Yellowstone history.

The carefully balanced combination of history and innovation makes Yellowstone RV the premier manufacturer of high-quality, high-style fifth wheels and travel trailers,

distributed throughout North America by a network of independent Dealers who are trained and focused on exceeding customer expectations.

Your family and friends will feel safe and comfortable in a Yellowstone fifth wheel or travel trailer. Not only does Canyon Trail offer the best-insulated four-season RVs in the world, every Customer is provided with the toll-free number and email address of their personal Yellowstone contact so they can easily be directed to a Canyon Trail service center in the event service is needed on the road.

Compare and you will see the exceptional value of premium quality and uncompromising customer service you get with Canyon Trail.

1948

First Yellowstone built

1950's - Freeway era begins, Americans hit the Interstates
