Travel Star Expandables

Quality starts with attitude. At Starcraft, we've always referred to that attitude as *Starcraftsmanship!* It's a working philosophy that starts with research and design, and carries all the way through production to sales and service. It's our way of bringing you more in terms of value, service and warranty.

It's a standard of excellence, a frame of mind. *Our* frame of mind. *Our* standard of excellence. A standard of quality and craftsmanship we continually strive to expand every day.

When you take the best ideas, designs, materials and people, and put them all together, year after year, you earn a reputation. That reputation goes on the line every time we sell another product. Add up the reasons for our success, and you have the best reason of all to buy a Starcraft ... *Starcraftsmanship.*

Whether your lifestyle leans toward relaxed or active, Starcraft's Travel Star expandable travel trailers are the ideal home base. We use Aqualon®-7 tent fabric in our fold-down bunkends that have Conestoga-shaped roofs for proper water runoff. Several of our floorplans offer a slideout, and three new décors coordinate handsomely with the Sierra maple cabinetry.

Settle in for meals and conversation on comfortable 4" foam reversible dinette seat cushions and new contoured, B-Back cushion backs with zippers. A spacious storage compartment is located under each seat. When the day is finished, dinettes convert into a comfortable bed.

People seem to gather in the kitchen, so we make sure ours is fully equipped, easy to use and provides a welcoming look and feeling. A double-door refrigerator, laminated counters, residential linoleum, plentiful cabinet and drawer storage and a black range hood with fan and light are all standard.

Travel Star expandables provide the perfect camping experience, by combining the ambience of tent camping with the security of a conventional travel trailer. Travel Star brings you outstanding quality, reliability and good looks that last.

21SD Copper Spice w/Sierra Maple Décor

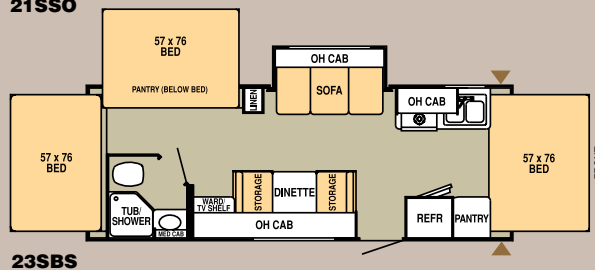

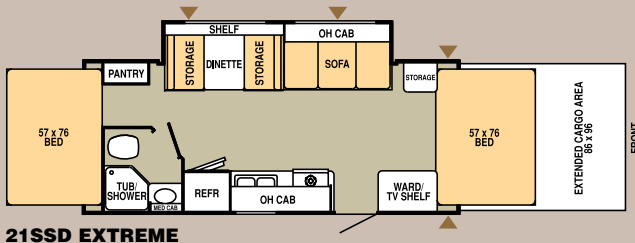

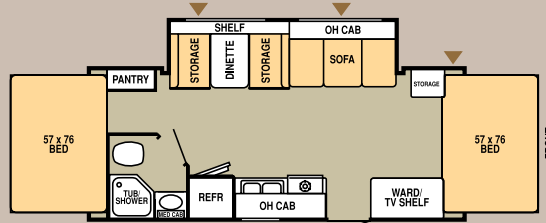

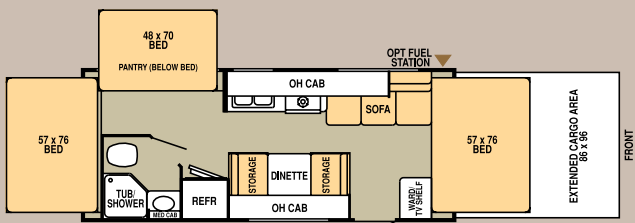

Talk about extreme! Travel Star's huge extended front cargo area lets you include motorcycles, dirt bikes, 4-wheelers, firewood, decoys ... pretty much everything you need to make your camping experience sensational!

To help you stay comfortable, standard amenities include an electronic-ignition ducted furnace, a 6-gallon LP water heater with bypass, dual 30# LP tanks with automatic regulator and a 45-AMP power center with a battery charger.

This cozy bathroom adds convenience and privacy. Included are a toilet, sink, shower, mirrored medicine cabinet and storage in every possible location.

28SSO Slate Blue w/Sierra Maple Décor

Travel Star XLT's are ultra lightweight travel trailers with hard side and end walls. XLTs provide attractive, functional dining and living areas that offer such standards as under dinette storage, convertible sleeping space and plenty of additional storage. Kitchens are furnished with all the necessities, plus ample workspace.

28SSO Slate Blue w/Sierra Maple Décor

The queen bed lifts to reveal storage underneath; wardrobe and drawer space is generous. Window treatments are coordinated with the standard bedspread.

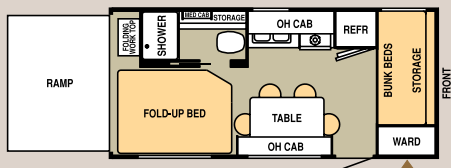

28SSO Slate Blue w/Sierra Maple Décor

Most Travel Star XLTs offer bunk beds that supply comfortable sleeping.

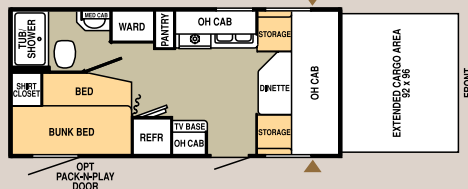

28SSO Slate Blue w/Sierra Maple Décor

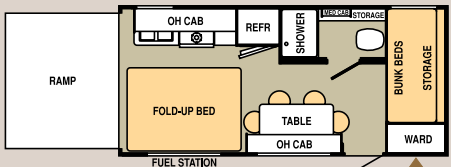

Bathrooms include a tub with shower and ample space for dressing in private.

GVWR — Gross Vehicle Weight Rating
The maximum permissible weight of the trailer when fully loaded with all systems filled. It includes all weight at the trailer axle(s) plus hitch.

UVW — Unloaded Vehicle Weight
Sometimes referred to as the Gross Vehicle Weight or Curb Weight, the UVW is the dry weight of the trailer as manufactured at the factory. It includes all weight at the trailer axle(s) plus hitch.

HW — Hitch Weight
Hitch Weight represents the portion of the trailer weight that is carried by the tongue to the hitch ball on the tow vehicle.

CCC — Cargo Carrying Capacity
Sometimes referred to as Rated Cargo Load, the CCC is equal to the GVWR minus each of the following: UVW, full fresh water weight (including water heater) plus filled propane tank(s) and battery weight.
