SIMBA GAS FABRICS & EXTERIOR COLORS

DECOR CHOICES THAT ARE ANYTHING BUT ORDINARY.

Safari coaches are designed for those who see things a bit differently than most people. So when it comes to decor choices, we go beyond the ordinary to offer striking graphics, bold colors and innovative patterns. The result is a look that stands out from the crowd while maintaining a definitive sense of style. Just like you.

Go ahead. Play hard. We're built for it.

2007 SIMBA GAS

SMARTSTRUCTURE II

SmartStructure II adapts the principles of our diesel chassis technology for use with a gas chassis. While other motorhomes use outriggers to hang the walls and storage compartments, our exclusive truss system is integrated with the chassis rails to provide a solid platform.

The floor and storage bays are all one piece, and the truss system works with the chassis rails to channel weight toward the center of the motorhome. Greater strength. Better weight distribution. A solid foundation. That's SmartStructure II.

VORTEC™ 8100 ENGINE:

This Workhorse chassis, 8.1L V-8 engine features 340 HP and 455 lbs./ft. torque. The Ford chassis comes standard with a 6.8L 3-valve V-10 engine with 362 HP and 457 lbs./ft. torque.

SLIDE-OUT CONSTRUCTION:

When you purchase a Safari coach, you can be sure the slide-out boxes are some of the strongest and most reliable you'll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting.

Aluminum
(Butt-Welded)

Alumaframe®
(C-Channel)

The Strength of Alumaframe®

Thanks to our Alumaframe® Superstructure, your Safari coach is built to take on anything the road can dish out. We revolutionized the industry by replacing outdated tubular aluminum construction with our exclusive system of aluminum C-Channel crossmembers. These run the full length of the coach, with double-welded intersections for superior strength. This makes your Safari lighter and sturdier than other coaches and gives you reliability you can count on down the road.

9-Layer Roof (top to bottom)

- One-piece peaked fiberglass roof
- Luau backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2" bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

5-Layer Sidewall (left to right)

- Smooth gel coat fiberglass
- Interlocking C-Channel filled with 1-1/2" fiberglass insulation bonded in place so it doesn't sag or leave spaces uninsulated
- Vapor barrier
- Bead foam adds comfort, saves energy and provides a thermal insulative barrier
- Interior paneling

4-Layer Floor (top to bottom)

- Strukturwood™
- Blue foam insulation
- 1-1/2" aluminum tube
- Three-ply poly underbelly

SIMBA GAS 07 FEATURES & OPTIONS

BODY CONSTRUCTION

- Alumaframe® Superstructure
- Steel Cage Cockpit Construction
- Peaked One-Piece Fiberglass Roof with Fiberglass Insulation
- Smooth Gel Coat Fiberglass Exterior Walls
- Redesigned Front Cap with New Headlamps and New Automotive Style Taillights in Rear Cap
- Panaview™ 1-Piece Front Windshield
- Interior Height 84"
- Aluminum Framed Floor on Steel Trusses
- Laminated Structurwood™ Flooring
- Interior Paneling with 3/4" Insulation
- Foam Insulated Floor Framing with 3-Ply Underbelly
- One-Piece Engine Cover
- Power Heated Remote Exterior Mirrors
- Fog Lights
- Low-Profile Sealed LED Marker Lights
- Integrated Metal Fuel Door with Lock
- 30" Deep Bedroom Slide-Out Houses (N/A: 33SFS, 34SBD, 37PRT)
- Pass-Through Storage Bays under Slide-Outs with Polyethylene Boxes
- Side-Hinged Baggage Doors
- One-Piece Polyethylene Storage Compartments
- Painted Mask and Skirt with Vinyl Exterior Graphics
- Rear Ladder
- Interior Rubber Entry Steps with Built-In Stepwell Storage Bucket
- Exterior Triple Entry Steps
- Undercoating

- Standard Run Savings Package: Deluxe Full-Body Paint with Vinyl Graphics, 3M Film Front Mask, 3-Camera Rear Vision System, Power Sunvisors, Home Theater Surround Sound System with Sub-Woofers, Hardwood Raised Panel Doors on Refrigerator, Energy Management System, 600 Watt Inverter, Storage Compartment Tank Monitor Gauge, Fantastic 12V Attic Fan with Rain Sensor with Electronic Wall Thermostat in Bath, Eclipse Automatic Patio Awning
- Full-Length Mud Flap

FORD CHASSIS/ENGINE/SUSPENSION — 22,000 LBS. (N/A: 33SFS)

- 6.8L 3-Valve V-10 Gasoline Engine with Electronic Fuel Injection
- Engine Displacement: 6.8 Liters 415 Cu. In.
- Power: 362 HP
- Torque: 457 lbs./ft.
- TorqShift 5-Speed Automatic Overdrive Transmission with Tow/Haul Mode
- New Transmission Oil Temperature Gauge
- Fuel Tank Capacity 75 Gallon
- 130 Amp Alternator
- Rear Axle Ratio 5.38:1
- Radial Tires 235/80R x 22.5G
- Polished Aluminum Wheels
- Leaf Spring Suspension
- 4-Wheel Anti-Lock Disc Brakes
- Heavy-Duty Front Track Bar with Shock Absorbers
- Fully Automatic Hydraulic Leveling System
- Pre-Wire for Supplemental Braking System
- 4,000 Lb. Hitch Receiver with Dual Connector 4-Pin or 7-Pin
- SmartStructure II

WORKHORSE CHASSIS/ENGINE/SUSPENSION — 22,000 LBS.

- 8.1L V-8 Gasoline Engine with Electronic Fuel Injection
- Engine Displacement: 8.1 Liters 496 Cu. In.
- Power: 340 HP
- Torque: 455 lbs./ft.
- 6-Speed Automatic Transmission with Overdrive
- Fuel Tank Capacity 75 Gallon
- 145 Amp Alternator
- Rear Axle Ratio 5.86:1
- Radial Tires 235/80R x 22.5G
- Stainless Steel Wheel Liners
- Leaf Spring Suspension
- ABS Brake System
- Fully Automatic Hydraulic Leveling System
- Pre-Wire for Supplemental Braking System
- 4,000 Lb. Hitch Receiver with Dual Connector 4-Pin or 7-Pin
- SmartStructure II

COCKPIT

- Fiberglass Automotive Dash with Vinyl Covering, Brushed Gray Instrument Panel
- CD Player/Radio with DVD Player, Sirius-Ready Compatibility, Weather Band, Remote and Four Speakers

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

** All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Safari provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Safari dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Safari models. Safari, the Safari logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

** All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Safari provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Safari dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Safari models. Safari, the Safari logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.
