

BIGHORN

Big Luxury... Big Value... BIGHORN

Life is full of surprises, introducing one of the more pleasant examples, Bighorn; Bighorn has a reputation of RV designs that inspire, construction that endures and value that is always affordable. Heartland leads the way with innovations. Bighorn by Heartland introduced the industry to innovations such as the Universal Docking Center, 88 Degree Turning Radius front cap designs, Laminated World including laminated roofs, floors and sidewalls, drop frame Texas Size basement storage and hydraulic landing gear. Bighorn combines all these industry first with the most luxurious interiors producing one of the most sought after luxury fifth wheels available today.

Heartland protects your investment with one of the highest RV resale values in its class. Our customers have made Bighorn the third largest retailing fifth wheel manufacture in the world in less then eight years.

Don't just take out word for it. Thousands of Bighorn owners travel the nation year round with the Heartland Owners club and the word around the campfire is very convincing that Bighorn leads the way in innovation and value for the full time RVer. Heartland really listens to the needs of hard working people like yourself. This is why Heartland has been featured in so many major RV magazines over the years like Trailer Life and RV Lifestyles. Heartland leads the way with innovation, style quality and value.

ZERO° TESTED!

Heartland 5th wheel Construction has been subjected to rigid testing in the famous DOMETIC™ extreme temperature testing chamber where it passed with flying colors! The chamber is set to 0° to test the unit's heating efficiency, followed by being set at 100° to test its cooling efficiency. With our thick 2" laminated walls; enclosed and heated underbelly; and insulated floor - the interior of the Heartland coach remained warm and comfy during the sub-freezing test and nice and cool during the heat test!

Over 140 cubic feet of the cleanest pass-through storage ever accomplished in a fifth wheel that can house all of these storage bins and more! Featuring Heartland's durable vinyl diamond-plate flooring.

The Universal Docking Center (U.D.C.) houses all the system hook-ups including the satellite, phone, cable, city water fill, black tank flush, exterior hot and cold shower, winterization valves, and all-tanks pull handles.

Perfect for Short-Bed, Extended-Cab Trucks

FRONT CAP DESIGN

The fiberglass front cap for the BIGHORN is all new with sleek radiuses and design lines flowing through it. The Patented turning radius design is perfect for short-bed, extended-cab trucks!

Heartland Recreational Vehicles
1001 All-Pro Drive • Elkhart, IN 46514 • 574-262-5992

Community. Convenience. Close-to-home.

Where you purchase your recreational vehicle is ultimately your decision but Heartland urges you to consider buying at your local dealer. Dealers are part of your community, providing jobs and contributing to your local economy. These dealers are under obligation to provide warranty service for products they sell, but are not legally required to service products purchased from other dealers. At some point, you may need to return to the dealer you buy from - why not stay close to home? After all, home is where your Heartland is!

BENEFITS OF PURCHASING YOUR RV LOCALLY:

- You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service - in a timely manner?
- Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

DON'T UNDERESTIMATE CUSTOMER SERVICE AND PERSONAL CARE!

For Canadian Residents: If you purchase an RV out-of-country, there are additional fees, taxes and inspections that must be met before bringing your product home. Your local Canadian dealers are experts in these provisions.
