

THE RIGHT PRODUCT AT THE RIGHT TIME

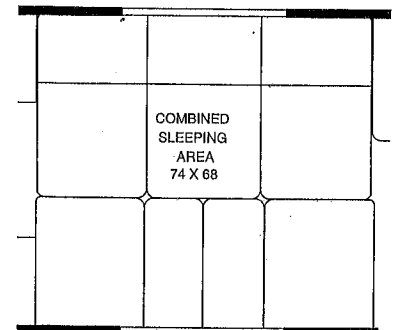

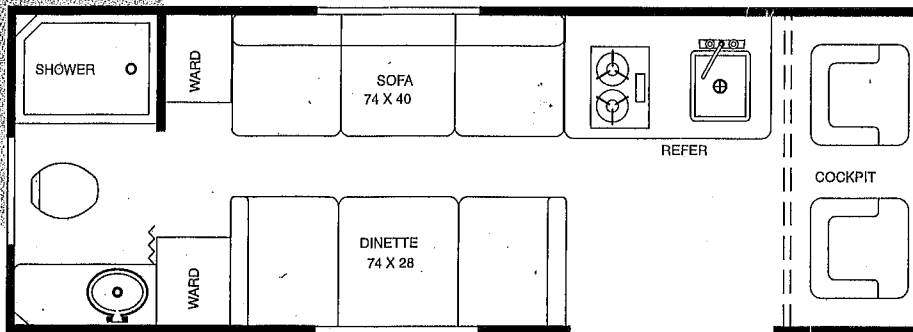

# M-B CRUISER

Powered by a Mercedes-Benz turbo charged 5-cylinder diesel engine, it feels more like a V-8. But unlike a V-8, it offers fuel economy in the range of 22 miles per gallon and range of over 500 miles.

The body width of the MB-Cruiser is about the same as a conventional van, making maneuverability and parking very simple. Head room is just over 6' and clever use of space provides many of the amenities of larger motorhomes.

Overnight stays or just comfortable, convenient travel are what MB-Cruisers are all about. It's a tailgaters delight!

Easy spare tire access and storage for lawn chairs, suitcases, etc. is provided by the "Continental Kit" rear compartment.
