CONSTRUCTION SPECIFICATIONS

Roof

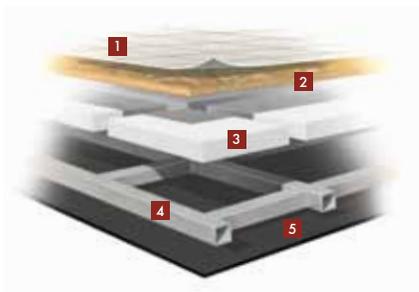

1. One-piece, moisture resistant molded fiberglass roof cap provides insulation and strength and prevents water intrusion
2. A/C Condensation Drainage System that runs internally through the roof insulation and down the sidewalls, redirecting water underneath the motor home
3. 5½" formed insulation
4. Quiet Air Cooling System with return air and foil-wrapped cooling exhaust ducts
5. Durable, tubular aluminum roof skeleton
6. Easy-to-clean soft touch vinyl ceiling panel

Sidewall

1. Gel-coat fiberglass outside wall panel
2. High-performance thermal insulation
3. Durable, yet lightweight, tubular aluminum wall skeleton
4. Decorative inside wall panel

All sidewalls are approximately 2" thick

Floor

1. Vinyl tile floor bonded to high-impact oriented strand board
2. High-level engineered oriented strand board
3. High-performance thermal insulation
4. Durable, tubular floor skeleton
5. Woven moisture barrier material

10-YEAR LIMITED UNITIZED CONSTRUCTION WARRANTY The structural integrity of the entire coach is guaranteed for the next 10 years. Warranty includes wall separation and inner frame weakness.

5-YEAR LIMITED LAMINATION WARRANTY We guarantee against all exterior fiberglass delamination or wall separation.
