

*Enjoying the Journey.....*

# On a Mission

At ClearRange, we are on a mission to:

• fulfill the needs of our dealers, our end users, and ourselves, and to bring you, our end users, the best solutions for safety, quality and value.

• To our dealers: meet customers' and employees' long-term needs by delivering more than we promise, and for a fair and honest business model.

• To our end users: to provide exceptional service and quality to our retail customers and dealers.

• To provide our employees fairly and create opportunity for personal growth within our company.

• All things in mind, and to provide a product that exceeds our customers' needs and level of quality, we do not strive to be the biggest or the most profitable. In the end, we believe satisfied customers, dealers and employees will bring growth and long-term profitability to all.

For almost 21 years, I've had the great fortune to work in the amazing industry of toy manufacturing. This industry runs through my blood and is the passion of my life. This has been a great time for me and my family. I would like to thank everyone who believed in us as an toy manufacturer. [www.clearrange.com](http://www.clearrange.com) **THANK YOU FOR THE JOURNEY!**

It has been an amazing JOURNEY so far. Some parts on this great JOURNEY, we do not want you to miss another moment of it.

Enjoy the Journey!

**3-D View of Slide-out Cable System**

**1- Dimensional Side Profile Of Slide-out Cable System**

### **10 Reasons Why... Accu-Slide**

- 1. Above floor design means more storage area for your RV**
- 2. Lightweight design promotes fuel savings**
- 3. High strength stainless steel aircraft cable is used for control**
- 4. Cable control at all 4 room corners helps stop leaks**
- 5. Working components are in your RV, safe from the elements**
- 6. Locking motor secures room in or out to help stop leaks**
- 7. Above floor design minimizes maintenance requirements**
- 8. A clean system - no leaky hydraulic lines or greasy drives**
- 9. Smooth, quiet room movement - no jumping or jerking**
- 10. It's built in the U.S.A. and backed by BAL since 1972**
