BOON DOCKING

Run your a/c on a 2.2k generator when your camper is optioned with our all-new available Dometic Penguin II 10M Low Profile unit.

Off Pavement Capabilities

When properly outfitted, your truck camper goes just about anywhere your truck will.

LanceLock™ - Our proprietary superstructure utilizes interlocking aluminum extrusions to connect exterior panels and make some of the most ruggedly engineered campers on the market.

If driving off-road trails, hunting or even just running errands in your truck is the goal; you can easily offload your camper, set up basecamp and have your truck free to roam.

Electrical Independence

2500w LP generator provides onboard on-demand power. – Optional on select models

Optional 100w roof mounted solar panel (up to 2) keeps you and your accessories charged.

Solar panel charge monitor and automatic controller keep you informed. – Standard w/solar package.

Get off the road and off the grid while maintaining electrical independence.

Squach The Camper

"With the birth of our little boy. We really wanted something safer and more comfortable to travel in. We found the 825 truck camper and loved the compact size. We stayed toasty warm all-night and woke up to our little guys first snow." [#squachthecamper](#)

Carl Jocumsen

"Our decision to travel in a Lance Camper was a lifestyle choice and truly changed our lives. When it comes to living and working on the road, home is now where we park it and we wouldn't do it any other way!" [#carl_jocumsen](#) [#kpalaniuk](#) [#roothebassdog](#)

Wirth Exploring

"Our Lance is our second truck camper. We were looking to build a more aggressive overland platform that we could live out of full time with our two dogs but would not limit the type of roads, trails or places we could go. The 825 provided all the amenities to live comfortably and is still light-weight and durable with its aluminum construction to withstand our adventures". [#wirthexploring](#)

RAD RIGS & ADVENTURES

A look at a few unique truck camper rigs and the people who bring them to life. Check them out on social media to follow their journeys.

The Rulebreaker

"Hellwig Products and Lance Campers have assembled another over-the-top truck camping rig for the annual Special Equipment Market Association (SEMA) show. This year, Mike Hallmark of Hellwig Products took the design lead and created what might be the coolest looking truck camper on the planet."
- Truck Camper Magazine

4 SEASONS CERTIFIED ALL WEATHER PACKAGE

(OPTIONAL)

A true four season RV. When your Lance is specially equipped with the 4 Seasons Certified All Weather Package you'll be enjoying your camper all year long. In addition to standard dual-pane windows, block foam insulation and advanced ducted heating; this option includes a water heater bypass/winterizing valve, insulated hatch covers, heated and insulated holding tanks, insulated bed mat and insulated LP and battery compartments. (N/A 650)

4 SEASONS CERTIFIED ALL WEATHER PACKAGE

(OPTIONAL)

A true four season RV. When your Lance is specially equipped with the 4 Seasons Certified All Weather Package you'll be enjoying your camper all year long. In addition to standard dual-pane windows, block foam insulation and advanced ducted heating; this option includes a water heater bypass/winterizing valve, insulated hatch covers, heated and insulated holding tanks, insulated bed mat and insulated LP and battery compartments. (N/A 650)

DESIGN & CONSTRUCTION

- A.** The slick, high gloss fiberglass exterior walls are laminated under intense pressure with heat-setting adhesives for years of trouble-free use.
- B.** The roof is made of energy-star rated Polyvinyl Chloride (PVC) material with vents that clamp into place eliminating screws and potential leaks. Integrated rain gutters and drip spouts keep the sides of your camper cleaner and prevent streaking.
- C.** Interiors are constructed of Lite-Ply™ which Lance imports from Europe. This superior product is lighter, formaldehyde free and stronger providing both beauty and durability.
- D.** With an aluminum-framed superstructure, the entire camper fits together like a perfect puzzle. "LanceLock™" features interlocking aluminum extrusions to connect all exterior panels.
- E.** All seals use an anti-wicking material to prevent moisture from transferring into the laminate walls.
- F.** Lance uses more expensive Azdel™ in place of Luan wood virtually eliminating mold and mildew. It's also 50% lighter, formaldehyde free and has a better "R" value for superior insulation and sound absorption.
- G.** Rigid block foam insulation fits tight to resist sagging and promotes structural strength. Four Season package also features insulated bed pad.
- H.** Beautiful and aerodynamic, the nose cap is made of TPO, the same material used for bumpers on automobiles. Its high gloss finish is resilient and resistant to the abuses of the road. Its slick surface makes it easier to clean.

3D advanced CAD engineering create precise plans that run CNC machinery. The result is that every part is the same and perfect every time.

Keeping it all together are stainless steel fasteners. Unlike our competitors, this expensive hardware resists corrosion making for a lasting investment.

INDUSTRY LEADING SYSTEMS

PEX Water – Cross linked polyurethane water piping resists breakage due to freezing and reduces heat transfer. PEX piping also bends at a 90-degree angle reducing many elbow fittings and associated leaks. The Lance PEX water piping system also allows for easy draining of lines for winterization.

Plug & Play Electrical

– A Lance is wired with a "Plug & Play" harness system providing solid connections. This system provides neat and organized wiring for ease of access and serviceability while allowing use of the majority of your lights and appliances (excluding a/c & microwave oven) utilizing primarily 12v.

Ducted Heating –

Keeping you and your holding tanks warm is a system of forced air ducting; spreading comfortable heat evenly throughout your truck camper and reducing cold spots. In the wall ducts reduce dust collection and damage from foot traffic.

LPG – Lance propane systems are custom designed for each model utilizing copper + brass propane lines to reduce excessive weight and are pre-checked during assembly ensuring safety.

KEY SUPPLIER PARTNERS

OUR MANUFACTURING PHILOSOPHY

A Lance RV is born through a marriage of computer design + cutting and composite construction materials. We begin with Solidworks 3D modeling, implemented by the CNC laser guided cutting of industry leading synthetic materials such as Azdel composite paneling and LitePly wood to bring you some of the most durable and high-quality RVs on the road.

All-new Automated Manufacturing Facility

SEE FOR YOURSELF

Our doors are open. Visit our website online for complete product details, to sign up for an in-person plant tour, build your own Lance, watch a video, view a 360 tour, take a virtual plant tour and much more.

TRUCK/CAMPER COMPATIBILITY GUIDE

These are general guidelines to use when matching a Lance camper to your truck and assumes standard equipment on both the truck and camper. Whether any camper can be used with your truck is dependent on your truck configuration (2WD vs. 4WD, standard cab vs. extended cab, etc.) and its capacities for carrying and /or towing – how much optional equipment is added to the camper – what you tow – and the weight of passengers and all other items you carry in your truck and camper. Because we're unfamiliar with your specific truck and how you intend to use it, Lance makes no warranties or representation – express or implied – as to performance or reliability of your truck with a Lance camper. For professional guidance, always consult with your Factory Authorized Lance Dealer. They're trained in properly matching truck/camper rigs.

TOWING

When towing behind a larger camper, extending the hitch rearward is necessary. Lance recommends the Torklift SuperHitch receiver hitch and hitch box extension. It replaces standard truck factory receivers to allow for greater towing capacities.*

EXTENSION LENGTH	WEIGHT CARRYING TONGUE WEIGHT	WEIGHT DISTRIBUTION TONGUE WEIGHT
TOW CAPACITIES (IN POUNDS) FOR THE LANCE MODEL REQUIRING ONLY A TORKLIFT SUPERHITCH MAGNUM RECEIVER HITCH		
N/A	15,000/1500	20,000/2000
TOW CAPACITIES (IN POUNDS) FOR LANCE MODELS REQUIRING BOTH A TORKLIFT SUPERHITCH MAGNUM RECEIVER HITCH & HITCH BOX EXTENSION <i>Dealer modifications required. Consult your Factory Authorized Lance Dealer for professional technical advice and proper equipment installation.</i>		
32"	6,500/650	12,000/1200
42" or 48"	6,000/600	12,000/1200
60" extension	5,000/500	10,000/1000

*Always observe your trucks' tow ratings.
Follow the advice of your Factory Authorized Lance Dealer.

TRUCK/CAMPER COMPATIBILITY GUIDE

These are general guidelines to use when matching a Lance camper to your truck and assumes standard equipment on both the truck and camper. Whether any camper can be used with your truck is dependent on your truck configuration (2WD vs. 4WD, standard cab vs. extended cab, etc.) and its capacities for carrying and /or towing – how much optional equipment is added to the camper – what you tow – and the weight of passengers and all other items you carry in your truck and camper. Because we're unfamiliar with your specific truck and how you intend to use it, Lance makes no warranties or representation – express or implied – as to performance or reliability of your truck with a Lance camper. For professional guidance, always consult with your Factory Authorized Lance Dealer. They're trained in properly matching truck/camper rigs.

TOWING

When towing behind a larger camper, extending the hitch rearward is necessary. Lance recommends the Torklift SuperHitch receiver hitch and hitch box extension. It replaces standard truck factory receivers to allow for greater towing capacities.*

EXTENSION LENGTH	WEIGHT CARRYING TONGUE WEIGHT	WEIGHT DISTRIBUTION TONGUE WEIGHT
TOW CAPACITIES (IN POUNDS) FOR THE LANCE MODEL REQUIRING ONLY A TORKLIFT SUPERHITCH MAGNUM RECEIVER HITCH		
N/A	15,000/1500	20,000/2000
TOW CAPACITIES (IN POUNDS) FOR LANCE MODELS REQUIRING BOTH A TORKLIFT SUPERHITCH MAGNUM RECEIVER HITCH & HITCH BOX EXTENSION <i>Dealer modifications required. Consult your Factory Authorized Lance Dealer for professional technical advice and proper equipment installation.</i>		
32"	6,500/650	12,000/1200
42" or 48"	6,000/600	12,000/1200
60" extension	5,000/500	10,000/1000

**Always observe your trucks' tow ratings. Follow the advice of your Factory Authorized Lance Dealer.*

DEALER INSTALLED SUPPORT EQUIPMENT

1. Torklift SuperHitch Extension System
increases your trucks towing capabilities

**2. Wireless Rear-View Camera/
Microphone and In-Cab LCD Monitor**
lets you see – and hear – what's behind you

**3. Frame-Mount Anchoring System and
Front-Mounted Centering Guides**
assist center alignment in the truck bed

**4. Qwik-Load™ Front and Rear
Turnbuckles** safely and securely attach
and anchor the camper to your truck

5. Hellwig Big Wig Air Springs provide
better handling and control under heavily
loaded conditions

**6. Upgraded Shocks by Bilstein
or Rancho** can greatly improve ride
in all weather and road conditions

7. Air-Lift In Cab Remote Control
of air compressor and pressure for
the air springs ("air bags")

**8. Lance Custom Designed Cab-Over
Struts** reduce bucking from irregular roads
and sway from wind

9. Rear-Mounted Centering Guides
assist in positioning your camper within the
truck bed, and are available for most truck
models

10. Hellwig Sway Bars reduce body roll
providing better vehicle control
