

CHEETAH 2006  **SAFARI**[®]

Live out loud.

JOPPA ROAD INTERIOR WITH ALDER HARDWOOD | 40PLQ

> > >

Thank you for taking a closer look at the 2006 Cheetah. This stylish coach has a remarkably residential feel with a spacious layout and a long list of distinctive details. Highlights include the beautiful hardwood cabinetry with raised panel doors, decorative slide-out fascia and the large windows in the living area and dinette. On the 40PLQ, shown above, there's even a French-style door leading to the bedroom with sitting area.

WELCOME TO MISSION CONTROL. The Cheetah's impressive cockpit is comfortable and well organized. On the right side of the dash is the color monitor for the rear vision system with audio and adjustable camera, as well as for the optional Aladdin™ Junior system.

The chrome power heated mirrors are conveniently mounted on the front cap, so you don't have to turn your head to view them.

The entry is shielded from sun and rain by this armless automatic front door awning.

The Cheetah comes standard with polished aluminum wheels and Goodyear radial tires.

Power sunvisors help eliminate unwanted glare at the touch of a button.

Come & visit us anytime at:
SAFARIMOTORCOACHES.COM

What a lucky break! This year, we've increased the ceiling height to a full 7 feet.

Now that's living room.

In the galley, you'll love the stylish solid-surface countertop with backsplash and decorative inlay accent. Storage is plentiful, with a pantry and overhead cabinets with an adjustable shelf. Some floorplans also include a hutch.

The 38PDQ and 40PBQ offer the option of this plush, durable Ultraleather™ J-lounge with a storage drawer.

Large windows brighten up this roomy dinette featuring a round hardwood table with two comfortable chairs.

Our exclusive Panaview™ 1-piece windshield gives you a larger view without the obstructions you find on most motorhomes. The wipers are mounted on the front cap below your sightline, and the slender side pillars are less obtrusive.

PANAVIEW™
1-PIECE WINDSHIELD

ISLAND PARADISE BY NAUTICA INTERIOR WITH ALDER HARDWOOD | 40PBQ

> > > Comfort reigns in the front of the coach, whether you're driving or parked. Shown above is the optional co-pilot seat with a power footrest. Tucked into an overhead cabinet is the 24" flatscreen TV or the optional 27" LCD TV. An attractive glass door cabinet houses the home theater entertainment option, including a DVD and VCR player with surround sound speaker system.

JOPPA ROAD INTERIOR WITH ALDER HARDWOOD | 40PBQ

>>> As you can see here, the Cheetah's bedroom offers unbeatable spaciousness, thanks to an increased slide-out house that's 30 inches deep. The queen bed features a decorative molded headboard with fabric inserts, as well as wraparound nightstands, and an abundance of storage cabinets. To the right is the 40PLQ floorplan, with a desk, a desk chair and a swivel glider chair. Also shown is the 20" flatscreen TV that's wired to the optional DVD player in the living area.

Every year we focus on one goal:
GIVING YOU A BETTER EXPERIENCE.

The innovative 40PLQ floorplan sports a rear window in the bedroom, through the rear cap. On all other models a signature Safari mural is optional. And wherever you happen to pause in your journeys, you'll have the convenience of a fully automatic hydraulic leveling system to make the coach more comfortable.

TOP LEFT: Our side-hinged baggage doors are the easiest to open and give you superior visibility and better access to the luggage and gear you stow below the coach.

TOP RIGHT: The utility bay has everything you need to keep things clean and organized, including a hot/cold water shower with hose and a soap dispenser. Options that make hook-ups even easier include a power water hose reel and the RV Sani-Con tank drainage system.

ABOVE: The Cheetah owes its handsome and durable exterior to our exclusive deluxe full-body paint process.

>>> RR4R-SERIES CUSTOM CHASSIS

3-Year, 36,000 Mile
LIMITED WARRANTY

The Roadmaster chassis is perfectly complemented by a powerful new Caterpillar® C7 350 HP engine with 860 lbs./ft. torque at 1600 RPMs. The C7 features decreased engine noise and lower emissions, thanks to its exclusive HEUI fuel system, and its unsurpassed reliability is backed by a five-year warranty.

A noteworthy feature is the large, 30" deep bedroom slide-out house. Just another engineering feat that makes a big difference inside the coach.

The Cheetah features a rear-mounted aluminum radiator with stacked aluminum charged air cooler, for increased cooling capacity.

A 10,000 lb. hitch receiver gives the coach powerful towing capacity.

Dual fuel fills provide the convenience of filling the fuel tank from either side of the coach.

A larger 34" spacing between the frame rails offers greater side-to-side stability.

MULTI-LAYER FLOOR:

- A Carpet, pad and tile
- B Structurwood™
- C Blue foam block insulation
- D 1-1/2" aluminum frame
- E 3-layer poly-ply underbelly
(New material allows for waterproof bottom on coach and sound resistant/deadening properties)

The SmartStructure basement truss system, combined with the RR4R raised rail chassis, provides greater strength and structural integrity while reducing weight and increasing storage capacity.

Steel cage cockpit construction offers added safety.

Basement storage compartments are reconfigured with side-hinged baggage doors for easy access and better visibility of contents.

Adjustable accelerator and brake pedals offer comfortable driving positions for everyone.

5-LAYER EXTERIOR WALL:

- A Interior paneling
- B 3/4" bead foam adds comfort, saves energy and provides a thermal insulation barrier
- C Vapor barrier
- D Interlocking C-channel filled with 1-1/2" fiberglass insulation bonded in place so it doesn't sag or leave spaces uninsulated
- E High-gloss gel coat fiberglass

The exhaust braking system allows the driver to use engine exhaust braking on long downhills, saving brake wear and enhancing safety.

The full air brakes with Automatic Traction Control (ATC) eliminate wheel spin during acceleration, and the anti-lock braking system (ABS) maintains traction and steering when braking on slick surfaces.

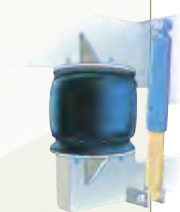

Cushion Air Glide Suspension provides a smoother ride with excellent handling and cornering.

IPD Optional Suspension System features adjustable Koni® Shocks, front ping tank, larger front air lines and torsion bars.

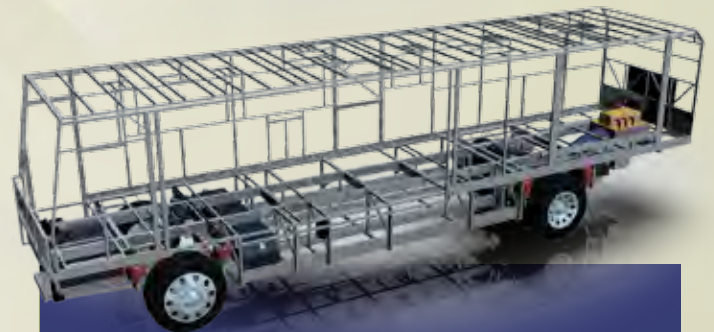

9-LAYER ROOF CONSTRUCTION:

- A One-piece peaked fiberglass roof
- B Luaun backing
- C Thick, tapered bead foam insulation
- D Fiberglass insulation
- E 3" aluminum double I-beam superstructure
- F Vapor barrier
- G Structure foam: thermal insulative barrier
- H 1/2" bead foam insulation
- I Foam padded vinyl ceiling for extra insulation

THE STRENGTH OF ALUMAFRAME®

Thanks to our Alumaframe® Superstructure, your Safari coach is built to take on anything the road can dish out. We revolutionized the industry by replacing outdated wood and tubular aluminum construction with our exclusive system of aluminum C-Channel crossmembers. These run the full length of the coach, with double-welded intersections for superior strength. This makes your Safari lighter and sturdier than other coaches and gives you reliability you can count on down the road.

RR8R - SERIES CUSTOM CHASSIS

Available only on 40SFD floorplan.

Eight outboard-mounted airbags work in conjunction with eight gas-powered shock absorbers to prevent road trauma from ever reaching the coach.

ANOTHER STANDARD FEATURE: PEACE OF MIND

As a Safari owner, you can be sure we're standing behind you. Wherever your travels lead, you can count on us to be only a phone call away. Our staff is available 24/7/365 to help you with virtually any situation that may arise — with troubleshooting, operational instruction or facilitating repairs at the nearest of our 350 nationwide service centers. In addition, you'll be enrolled in our Owner Advantage Roadside Assistance Program free of charge for your first year of ownership — providing additional emergency assistance, including towing, tire repairs and many more services around the clock. In short, when you purchase an RV from Monaco Coach Corporation, you get a wider array of benefits than any other manufacturer can offer. To see it all for yourself, call 1-800-634-0855 or 1-800-650-7337 to arrange a tour of one of our state-of-the-art production facilities in Oregon or Indiana.

	Fuel Tank	90	90	90	90	90	90	100

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your Owner's Manual for further towing information.

** All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

Body Construction

- Alumaframe® Superstructure
- Steel Cage Cockpit Construction
- Peaked One-Piece Fiberglass Roof with Fiberglass Insulation
- Smooth Gel Coat Fiberglass Exterior Walls
- Front and Rear Molded Fiberglass Caps

Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the limited warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the limited warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Safari provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Safari dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this

brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Safari models. Safari, the Safari logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders.

While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.

Live out loud.

Now we've done it. We've taken the luxury motorhome and given it a fun streak. And to top that, we've made it exceedingly affordable. Yes, we're happy to introduce the rebellious new 2006 Safari lineup. While we invite you to compare these super-sized values with other motorhomes, we won't be surprised if you cut to the chase and hit the road in a new Safari. Because we know how you love a great deal.
