HALF-TON FIFTH WHEELS

HALF-TON TRAVEL TRAILERS

FORCE OF NATURE

The ultimate ownership experience.

The goal of Keystone RV Company is to surprise and delight our owners at each and every touchpoint. We're happy when our campers are happy, and we are committed to providing the very best ownership experience in the industry.

**Keystone RV
Company**

1 EASIER SHOPPING.

At Keystone, we make choosing an RV as easy as finding the Big Dipper on a dark summer night. With comprehensive online product information, Key Connect™ product advisors, and an unparalleled dealer network, we will help you select the perfect RV for your family's adventure.

2 INNOVATIVE THINKING.

The road's a nicer place when you have the industry's smartest features behind you. Keystone leads the pack in patented innovations that make our RVs safer, more comfortable, and easier to operate.

3 LONG HAUL QUALITY.

To keep you on the road, there are certain things we just won't build a Keystone RV without. Game-changing features like our Unified Wiring Standard, Tru-Fit™ five-point slide construction, and no-fail Tuf-Lok™ A/C duct joiners combined with exhaustive testing and inspections are some of the reasons why Keystone is able to offer our owners the industry's best 3-year limited structural warranty.

4 WORRY-FREE CUSTOMER SERVICE.

Wherever the road takes you, you're never too far from an authorized Keystone service center. We also offer live service assistance, ultra-fast parts shipping, online maintenance tips and tricks, and a single-point warranty claims policy. *That's* peace of mind.

5 KEYSTONE NATION.

When you choose Keystone, you become a part of one of the largest camping families in the country. We're Keystone Nation. A friendly community where people share photos, travel tips and amazing stories – all in the spirit of camaraderie and adventure. Come join us.

Experience the Cougar lifestyle by visiting [#keystonecougar](#)

Keystone EXCLUSIVE Innovations

Year after year, Keystone RV's experienced team delivers Built For the Long Haul quality you expect and exclusive innovations you won't find anywhere else.

**3-year Limited Structural Warranty,
1-year Limited Base Warranty**

Every new Keystone RV comes with the industry's best three-year limited structural warranty AND a one-year limited base warranty. Ask your dealer, visit keystonerv.com, or call Keystone Owner Relations for details.

4G LTE and Wi-Fi Prep

All Cougars are equipped with a new Furrion® antenna that integrates 4G LTE and Wi-Fi with standard VHF/UHF/AM/FM reception.

KeyTV™

No more connection guesswork or poor reception. KeyTV offers a game-changing, single point of control of over-the-air, cable, and satellite feeds. Visit us online for more information.

Color-Coded Wiring Standard

Easy-to-trace circuits simplify electrical and entertainment system troubleshooting.

Hitch Vision™

Simplifies hitch hook-up with "no looking back" convenience.

In-floor Heating Ducts

Distributes heat evenly for greater comfort.

Road Armor™ Suspension

Equalizes axle load to dampen shock and vibration.

Tru-Fit™ Slide Construction

A more durable slide room design that minimizes functional motor and structural stress, resists leaking.

COUGAR

MID-PROFILE FIFTH WHEELS | HALF-TON FIFTH WHEELS | HALF-TON TRAVEL TRAILERS

Engineering and design that starts with the customer.

Committed to innovation, quality, style and affordability, Keystone's Cougar brand sells more mid-profile fifth wheels and luxury travel trailers than any other brand. The Cougar line-up is designed to grow with your family, from your first RV to your last. Cougar takes the time to understand how you travel in each life stage, so that we can provide families with the best camping experiences, year after year, Cougar after Cougar. You can count on every Cougar to deliver user-friendly floorplans, unparalleled towability, innovative features and luxurious touches that make it America's most-awarded RV brand.

For more information, please visit keystonerv.com/cougar

A Legacy of Style

The Cougar brand is thoughtfully designed to be polished, classic and timeless. Rather than chasing fads, we spend a good deal of time communicating with our owners in order to enhance and perfect the interior elements that are most important to them.

All Cougars feature ultra-comfortable rolled-arm, pillow-top seating. Theater recliners with built-in beverage holders sit across from a large entertainment center with a 48" fireplace—perfect for a rainy day or a family movie night. Cougars also have a new booth dinette with a free-standing dinette option. Bedrooms are designed with loads of closet and dresser storage.

Twig Décor

Rich and inviting, espresso brown upholstered furniture is complemented with handsome leather-wrapped window valances and tonal shades. (Pictured right.)

NEW Storm Décor

The design team took everything owners love about Cougar interiors and brightened it up. Upholstered seating and window valances move to a light stone gray for a more refreshing take on our classic style. (Pictured left.)

361RLW MASTER SUITE

361RLW DRESSER

Master Suite Mastery

Flooded with natural light from our patented front windshield, the 361RLW delivers the master suite of your dreams. We have maximized storage with deeper drawers, larger wardrobes and expanded vanity space in the en suite bathroom.

361RLW WARDROBE

362RKS KITCHEN AND BAR

362RKS DINETTE AND ENTERTAINMENT

Entertain in Style

Cougar goes all-in on campsite entertaining with this open-concept 362RKS floorplan. Welcome family and friends with a chef's kitchen, plentiful seating, and best-in-class entertainment center.

362RKS LIVING ROOM SHOWN IN STORM DECOR

more product detail at
www.keystonerv.com/Cougar

-  **Standard 15,000 BTU Main A/C and Exclusive Tuf-Lok™ Duct Joiners** – Exclusive Tuf-Lok thermoplastic duct-joiners allow maximum airflow from roof-installed ductwork.
-  **Optional 13,500 BTU Ducted Second A/C (N/A 22RBS)** – Cougars have an optional ducted and thermostatically controlled 2nd A/C.
-  **Radiant Foil Barrier in Front Cap** – Radiant foil reduces amount of radiant heat that can come from the units front cap during summer months.

Hot & Cold Weather Protection

All models to a tested temperature rating up to 110°F and down to 0°F*

-   **Remote Temperature Probes and Gen. 3 In-Command** – Provides more accurate temperature readings, has timed on/off procedures, and can be monitored and controlled from anywhere with a smartphone.
-   **Double Insulated Laminated Rear Wall** – Cougar's exclusive design combines rolled fiberglass and a second layer of styrene insulation providing the best insulation for the RV.
-   **Insulated Gooseneck, Bulkhead divider, and Sealed Pin Box (5th Wheels)** – Cougar comes with a fiberglass insulated gooseneck, bulkhead divider wall, and a foam gasket sealed pin box moderating the upper deck temperature.
-   **Insulated Slide Floors** – Unlike basic radiant foil, Astro-Foil has air pockets for insulation installed into the slide floors, keeping the warm air in, and cold air out.
-   **Two Roof Attic Vents** – In hot climates, attic vents help release hot air that often gets trapped under the roof decking. In cold climates attic vents help to release moisture, reducing the amount of condensation.

-  **Heated Pass-Through Storage (fifth wheels)** – Cougar places a heat register behind the convenience center in the pass-through storage to prevent water lines from freezing.
-  **12 Volt Electric Heat Pads on All Holding Tanks** – Provides additional heat to the holding tanks while camping in cold climates and can also be used while in transit.
-  **35,000 BTU Furnace, and 5,500 BTU Electric Fireplace (most models)** – Unlike most competitors, Cougars have a 35,000 BTU furnace and most models have a 5,500 BTU fireplace, providing over 40,000 BTU's of heat.
-  **Heated and Enclosed Underbelly** – The sealed Coroplast underbelly has a layer of Astro-Foil insulation beneath the holding tanks, and fiberglass insulation above the tanks, while a heat duct is ran adjacent to the waterlines where heat is dumped around the fresh tank, keeping your tanks, waterlines, and gate valves from freezing.
-  **PEX Plumbing** – Resistant to corrosion, pitting, and scaling, this residential plumbing is installed using fewer fittings, reducing potential leak points. PEX retains more heat in the hot water lines, while lessening condensation in the cold water lines than traditional copper or CPVC plumbing. PEX also expands up to three times its diameter if water in the lines freeze.

NEVER LOSE YOUR CONTROLLER • MULTIPLE USERS* • WHEN YOU HAVE YOUR PHONE, YOU'RE IN-COMMAND
 *Multiple users with Android phones [N/A with iOS]

iN-Command® Generation 3 with Global Connect

New iN-Command Gen. 3 w/Global Connect is an innovative, next-level system that brings smart home technology to your Cougar. From a convenient master control panel or your smartphone, you are in complete command of your RV.

- Full remote thermostat control including scheduling with mobile app
- Available app for Android and iOS
- Multiple users (android phones, one user with iOS)
- Control slide rooms, awnings, and light groups with mobile app or touch screen display commander
- Panic/intruder alert
- Manual overrides on body control module (BCM)

EXCLUSIVE MaxTurn Technology™ with Hitch Vision™

Cougar's MaxTurn Technology allows owners to confidently navigate through tighter turns than traditional fifth wheel designs – even with short bed pickup trucks. Our patented frame design made from continuous tubular steel, combined with a tapered fiberglass cap, and a heavy duty extended hitch allows tow vehicles to make up to a 95.66° turn. MaxTurn also eliminates complicated and expensive swivel hitch pins that require inconvenient periodic maintenance.

MAX TURN EXPECTED TURNING RADIUS [6'6" TRUCK BED]		
Length of Truck Bed	Standard Fifth Wheel Hitch	Sliding Fifth Wheel Hitch
6' 6"	83.33°	95.66°

Cougar One-Touch Auto Level System

Save time and energy knowing that Cougar comes with the industry's #1 electric leveling system.

- One-touch, 4-point automated level system control panel for quick and easy setup
- Hitch memory function that remembers the height at which your unit was unhitched
- Automatically finds level within a tenth of a degree
- Prevents damage to chassis, sidewalls and windows
