

LUXURY FIFTH WHEELS

**INNOVATION.
CRAFTSMANSHIP.**

SIERRA

THIS MOUNTAIN IS MADE TO MOVE.

321RL

Featuring Graphite Decor

THOUGHTFUL DESIGN

Although small in stature, this 321RL floorplan packs a major punch. Boasting a king size bed, full walk in shower and

spacious floor to ceiling pantry, this floorplan offers multiple luxurious amenities for any couple looking to hit the road.

Featuring Umber Decor

39BARK

CREATURE COMFORTS

This rear kitchen floorplan does not leave anything to the imagination. Whether it's entertaining guests in the spacious open concept kitchen area, or lounging in

the six person living room, the 39BARK has something for everyone. This feature packed floorplan is the pick of the litter, and it won't take a bite out of your wallet.

SIERRA

SIERRA

368FBDS

Featuring Graphite Decor

AT HOME ON THE ROAD

With a bathroom built for royalty, this 368FBDS boasts a full walk around closet with dual vanity sinks. An ample amount of living space and an oversized island

kitchen, this floorplan has a unique blend of livability and luxury. A half bath comes standard on the main level, but this can be optioned for a full walk in pantry.

379FLOK

Featuring Graphite Decor

RESIDENTIAL STYLING

With six slides, this front living room layout boasts substantial real estate for entertaining. The innovative front windshield allows natural light to flow into the coach. With a push of a button, raise up a 50" flatscreen LED TV in the front living area, perfect for watching the

game or relaxing. Enjoy ample headroom with the master bedroom suite and bathroom being on the main deck. Keep the party going outside, using the 379FLOK's innovative outside kitchen that comes standard.

YOUR LOCAL SIERRA DEALER

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

** Estimated average based on standard build optional equipment

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision.
