We Miss those who can't be here

As we drive through the park we can't help but notice something missing. One huge missing piece of this Community has not been able to join us this year. Our Canadian families as well as a couple of our US families simply can't join us and we miss them dearly. We have Let's all continue to work together to reunite our families by wearing face coverings, washing our hands, and social distancing.

What makes Blue Haven so Special?

What DOES make Blue Haven so special? I envision that there are MANY answers to this question. I always rely on what I continue to hear and witness throughout the Campground:

- **Booming Industry** - Outdoor recreation has REALLY taken off everywhere and camping is now more popular than ever. Although we are missing many Canadian families, our seasonal site rentals are up considerably as compared to the same time last year.
- **Natural Beauty** - we are nestled into Northern New York, just outside the Adirondack Park. With the campground situated between Lake Roxanne to the East and the "Falls" to the West, the North Branch of the Great Chazy River connects the two as it meanders it's way through the park. Not to mention the local wildlife seen occasionally within the park!
- **Community** - A community is a bunch of people who share similar interests and the strength of the connections among them giving a sense of belonging. How better to describe what has been built here than that?
- **Volunteerism** - This has always been a part of the culture of Blue Haven and can be seen most recently in the coming together of Volunteers to organize a successful Christmas in July!
- **Respectful** - Our guests continue to express respect for each other. Just the other day, I witnessed some people respecting each other by rotating in and out of the pool area, sharing the

time so that everyone could enjoy the pool during the hot days we had.

- **Friendly Faces** - Going for a walk or golf cart ride around the park is not just about the walk or the ride. It is about saying hello to neighbors, sharing a friendly smile with a new guest, or even a simple gesture of a wave!
- **Memories** - Memories are made here every day by both the young and the young-at-heart.
- **Traditions** - We have several families that have camped here for generations and now the kids of yesterday are now the adults of today!

Without EVERY PIECE of this Community, it simply could not be the same. The PRIDE of our guests and staff shows and all you have to do is drive around to appreciate it! With all of this being said, let's give a nice warm Blue Haven Welcome to our Families who have joined our family since the season began:
