

September 28, 2020 End of Season Edition

## 2020 Summary

- We understand that this pandemic has been difficult on everyone; however, we are very optimistic for the next camping season! We will continue to monitor the border restrictions and provide updates as things progress for the 2021 season. We sincerely appreciate all of your patience and understanding.
- What a year for the history books! This camping season has not been the same without ALL of our families here! From all of us at Blue Haven, we miss each and every one of you and hope you are staying safe!
- With the cooler temperatures rolling in, it is evident that the camping season is winding down and fall is upon us. Let us put these depressing and uncertain times behind us and focus on having an enjoyable camping season next year!
- Let us all raise our glass to a better 2021!

- **Winterizations** - Why risk freeze damage? Let our trained staff handle this for you! We are ready to begin taking your Winterization requests. Payments are due at the time the arrangements are made. This can be arranged through either office as well.
- **Off Season Updates** - We will be sharing on our Facebook Page, on our website, as well as via e-mail, any off season updates. If you are not receiving our e-mails, please send an e-mail to [tm@momot.com](mailto:tm@momot.com) to be added to the list or if your e-mail address has changed.

## END OF SEASON REMINDERS (Continued):

- **Closing September Meter Bills** - The September meter reading has been completed and are ready to be paid. Here are some reminders about how the meter bills work:
  - Meters are read three times per season:
    - **Opening** - The opening readings are typically done in early May and is a measure of the electrical usage from the previous closing reading until this reading. This will include anything used late in the season, over the Winter, and early Spring.
    - **Mid-Season** - The mid season reading is typically done in mid-July and is a measure of the electrical usage from the opening reading through the mid-season reading. There is a minimum \$30 charge for this.
    - **Closing** - The closing reading is typically done in mid-September and is a measure of the electrical usage from the mid-season reading through the closing reading. There is a minimum \$30 charge for this.

**PARK UPGRADES** - Along with the usual park maintenance that our team performs on a daily basis, here is a short list of some upgrades for this year:

- With the assistance of **Plattsburgh Creative Signs**, we were able to install new signage throughout the park and in the office.
- We were able to get a fresh coat of paint on all of the buildings.
- As of this newsletter, the guys are working on remodeling the Laundry Room which should be completed this week.

**BLUE HAVEN PRIDE** We are proud to be part of such a special place. Our setting is hard to match with all of the natural beauty. There are so many great families that help keep Blue Haven special. We ask that you all please follow the guidelines that we have in place so Blue Haven can stay in a category of it's own. We ask that you keep everything natural, **See Site Appearance in the guideline book**. Also while mowing your lawns we ask that you also keep it trimmed. We would appreciate everyone's cooperation. Please see Dave in the office with any questions.

## Welcome to our New Families

On behalf of our Blue Haven staff and families, please welcome to the park the following new Family since our last newsletter:

- Josie Hanson - Hillside 24
- Brian Christensen - Maple 22

Camping is HOT right now! We ran several late season specials to entice new families to check out what we are all about. All in all, we wrote over SIXTY new contracts this year. While we know that a handful of these will not return for next season, it certainly was nice to see some new faces enjoying the campground and all it has to offer!
