- Checking air pressure in all tires and topping off as needed
 - Checking fluid level in all batteries and topping off as needed
 - Charging batteries and having ready for storage
 - Rinse off carts of any dust
 - Storing golf carts inside until May 1st 2022
- SPECIAL \$180.00 including tax**
Must be paid when signing contract

Update for our Canadian Families!

WE STILL MISS YOU! If you have not turned yours Inactive Benefit Agreement, please return it to the office as soon as possible. Time is running out to qualify yourself and this is NOT automatic - we need to know your intentions. Our recommendation is to sign this now - you can always revert back to the standard contract at any time.

Fishing Tip - Did You Know? - Many fish, especially walleye and smallmouth bass, will track a crankbait and follow it right to the boat. Make a habit of stopping your lure 2-3 ft.

from the end of your rod when you're finished retrieving your cast and pause it for a second, especially in muddy water. Walleye especially will often strike a lure right at the boat if you let them.
