SPRINTER

SPRINTER

**COLE
DAVIS**

Founder, Keystone RV Company
Started Keystone RV with 110 employees
and 1 production line in 1996.

OUR HISTORY

When Cole Davis founded Keystone RV in 1996 his vision was clear: Build a quality RV loaded with features priced thousands less than other RVs on the market. To accomplish his goal, Cole would recruit and build a strong team, focus on keeping overhead low, and empower the people closest to the customer to make decisions. Within a few short months after opening the doors, Keystone produced its very first camper—the wood framed, aluminum-skinned Sprinter. Delivering big on quality, features and value, the public fell in love with Sprinter and a star was born.

As customers appetite skyrocketed, new Keystone models were added to satisfy growing customer demand. Along with this tremendous growth came the need for expanded production. To meet this need, more manufacturing plants were built and staffed. By the beginning of 2000, Keystone was leading the industry in fifth wheel and trailer sales. Today, Keystone RV Company has grown to encompass over 1 million square feet of manufacturing space with facilities in Goshen, Indiana and Pendleton, Oregon. While Keystone is no longer the small “start up” we once were, our mission has remained true to Cole’s vision—“Do the job right and make sure we deliver a quality product every time.”

OUR STORY

Sprinter was Introduced in 1996 as Keystone's first product line. Sprinter's goals remain simple; take the suggestions from our customers and make them the foundation for the Sprinter design. This philosophy has led to our slogan "Camping Made Easy" and has been the reason for our success for over 20 years. Let us show you how Sprinter offers a new level of affordable luxury.

IT WORKS 2 WAYS!

Stay in Touch

Sprinter is always just a touch away. You'll find 360 virtual tours, location of your nearest dealer, photos, videos and all of the latest information about Sprinter on our easy to navigate website. Everything you need can be accessed anytime, day or night, from home or on the road. You can also find us on the Keystone RV facebook.

KEYSTONERV.COM/SPRINTER-LIMITED

Our decors form the foundation for Sprinter's carefully coordinated interiors. Modern upholstery, drapery, fabrics, hardware, fashionable window treatments, walls & countertops in the latest colors and materials.

CASCADE DECOR

METRO DECOR

SPRINTER HAS EARNED THE RVDA DEALER SATISFACTION INDEX AWARD EIGHT TIMES!

RVDA is the national association representing RV retailers. The association's members include RV dealers, RV rental operators, and RV Aftermarket sales and service locations.

To qualify for the Quality Circle Award, brands/manufacturers must receive at least 15 dealer responses and score 80 percent or above in overall dealer satisfaction in the association's 18th Annual Dealer Satisfaction Index (DSI) survey.

RVDA asks dealers to express, confidentially, their level of satisfaction with their brands/manufacturers on eight core issues:

- Sales support
- Sales territory
- Vehicle design
- Vehicle reliability/quality
- Competitive price/value
- Parts support
- Dealership warranty support
- Overall dealer communications

****The DSI Quality Circle Award recognizes the high level of commitment these manufacturers show toward their dealer business partners," said RVDA Chairman of the Board Tim O'Brien of Circle K RVs in Lapeer, MI. "Their commitment to continuously improving products and processes ultimately helps dealers serve customers better."**

WIRED FOR PERFORMANCE

THE ONLY TOWABLE MANUFACTURER TO INCORPORATE COLOR-CODED AND NUMBERED ELECTRICAL WIRING ON ALL PRODUCTS

- Create a clean, well-organized wiring layout
- Makes it easy to trace electrical circuits and save troubleshooting time

SUPERCHARGED A/C COOLING

TUF-LOK THERMOPLASTIC COUPLERS FORM A PERMANENT, CRUSH-RESISTANT SEAL IN YOUR AIR-CONDITIONING DUCT

- Securely joins ductwork and air conditioning units
- Crush-resistant design won't pull apart due to rough roads, heat and stress
- Dramatically reduces chilled-air leaks to boost cooling efficiency and comfort

IN-FLOOR RESIDENTIAL HEAT-DUCTS

Keystone RV

Competitor

RESIDENTIAL IN-FLOOR HEAT-DUCT SYSTEM JUST LIKE IN YOUR HOME

- In-floor, hot air vents speed for greatest comfort
- Distributes heat evenly and warm to the floor
