“ We love our 27BHS Transcend...

it's perfect for our family. My kids enjoy the spacious bunk beds and my wife and I love all the room and features that come with it. We have been impressed with the build quality. We can't wait to take it out again. ”

- Chris & Carissa White

“ We have a Transcend 27BHS and we love ours.

Our kids have had friends camp with them and having the full size bunks help. I also like having the small outdoor kitchen with the refrigerator. It keeps the kids from running in and getting a drink every 10 seconds. ”

- Dana Wissing Schwartz

“ We love our 28MKS...

It's a great couples trailer. The layout is so spacious, lots of storage and it's really the light colored interior that really makes it feel homey. We are able to add our own touches. Everything about it is nice and convenient. ”

- Bonnie

TRANSCEND™

BY GRAND DESIGN RV

Welcome to the Grand Design family.

Grand Design's Transcend continues our pursuit of building around the needs of our customers. Where others surrender quality, function and features, Transcend focuses on the needs of consumers – open floorplans, functional design and towable with many of today's half-ton trucks and SUVs.

The all-new Grand Design Xplor is the perfect fit for your dream of enjoying the great outdoors. The Xplor starts at the top of its class by offering customer-focused design, built-in quality and the industry-leading warranty that is expected from a Grand Design. *It's time to XPLOR the possibilities.*

BUILT TO LAST

MAXIMUM INSULATION

1 RESIDENTIAL INSULATED WALLS **R-9**

Exterior walls and sliderooms are framed with studs set 16" on center, and residential fiberglass insulation is adhered in place between each stud.

2 INSULATED FLOOR AND ENCLOSED UNDERBELLY **R-11**

The main floor is insulated with a layer of residential fiberglass insulation. The underbelly is also fully enclosed and heated with a dedicated duct.

3 INSULATED ROOF **R-40***

A layer of fiberglass insulation and a layer of radiant foil insulation covers the full length of the roof.

4 INSULATED FRONT WALL **R-40***

The residential fiberglass insulation layer from the roof, continues all the way around to the bottom of the front wall.

*Equivalent R-Value

MAXIMUM FUNCTION

A HIGH PERFORMANCE FURNACE DELIVERS UP TO 35,000 BTUS OF HEATING POWER.

WE STRIVE FOR NOTHING LESS THAN CUSTOMERS FOR LIFE!

Thank you for taking the time to tour our coach.

We would like to share what sets Grand Design RV apart from all other RV manufacturers and why this difference is important to you.

My close friends and I were part of an ownership team at a travel trailer, fifth wheel company that grew to become one of the largest RV manufacturers in the world. While proud of this accomplishment, it became difficult to stay in touch with customers, employees, and ultimately the quality of the final product. It became obvious, there was a better way.

In 2012 we started with a mission to build a better RV company. A company with a culture that desires a long-term, personal connection with customers, employees and dealers – that company became Grand Design RV. Our business model of doing the right thing has led us to many years of unparalleled growth.

At Grand Design we are customer centered and everything we do daily revolves around you. Our goal is simple – continue to lead the industry with quality, innovative products while striving to improve our customers' RV experience before, during and after their purchase. We strive for nothing less than customers for life and I would be honored to personally welcome you to the Grand Design family.

Warmest Regards,

President / CEO / Co-Founder

LONG TERM VALUE

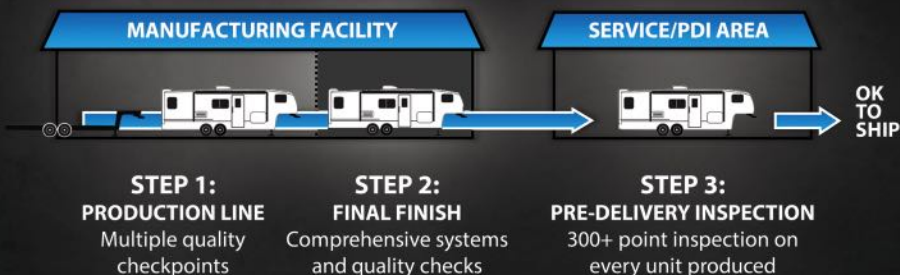

Everything we do at our company is designed to build long-term value in what we offer our customers, "More features and superior value for your dollar."

CUSTOMER CENTERED

Our focus, from the very first day we opened our doors, revolves around our customers. Your satisfaction is our future. GDRV4Life!

RAISING THE QUALITY BAR

We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive "final finish" inspection. At this point, most manufacturers ship their coaches to the dealer for retail sale. We aren't most manufacturers. Every one of our coaches is moved to a PDI (Pre-Delivery Inspection) area where they are put through a rigorous 300+ point inspection checklist. It is only after this PDI that we certify a unit ready to ship to our dealers.

SUPERIOR SERVICE

Anything built by humans that travels down the open road is subject to issues. It's how those issues are addressed that makes Grand Design so special to our owners. Visit the independent owners page on Facebook (Grand Design RV Owners) and see for yourself. We take care of our customers after the sale. An informed customer will be a Grand Design customer!

CLASS LEADING WARRANTY

We back every one of our coaches with a 3-year limited structural warranty.

Grand Design RV was created in 2012 and founded by current CEO, Don Clark and brothers Ron and Bill Fenech (Representing over 80 combined years of experience in the RV Industry).
