INTERIORS

The design process for Outback's current look involved constant owner input and re-imagination of the latest residential trends. Our interior décor reflects a "modern farmhouse" style that made for those in search of a bright, welcoming environment. We have refined every detail from our stunning sliding barn doors and crafted color palette, to vaulted ceilings and Real Touch 3D high-definition wall coverings that offer natural texture and movement. We want Outback's design to make you feel as though you could switch on the TV, cozy up to the large fireplace, and feel right at home.

MODERN FARMHOUSE

Designer-inspired décor with contemporary wood grain finishes.
