## GO DETAILS

Low-profile and lightweight. GO can carry up to 6 bikes or 6 boats, plus gear, in Travel Mode. Fully compatible with all major rack brands, create a mounting area as wide as 78".

With the GO Tongue Extension Kit, you can carry canoes and longer touring boats (up to 18' long). Carry two big boats and still carry up to 800 lbs of gear on the polished aluminum diamond-plate deck.

Need to carry even more of your toys and gear? Raise the GO into Transport Mode and load it up. With the capacity to carry up to a dozen boats, bikes or cargo - or any combination, GO helps keep your car free for friends, kids and pets.

Need to carry larger items? Simply raise the GO up into Transport Mode. With the polished aluminum, Control-Tilt cargo deck, you can load up to 800 lbs. of motorcycles, ATVs, lawn mowers, small farm animals... just about anything!

Need to haul some REALLY big items? Tool-free removal of the entire upper rack structure makes GO an extremely capable open-topped utility trailer. Carry up to 800 lbs. on the deck and turn your small, fuel efficient car into a heavy duty workhorse for the weekend.

GO comes complete with two internal Bed/Table Panels and 4 self-inflating mattresses, which create six different interior configurations, including this giant king-and-a-half-sized bed!
