

Model 960 Shown W/Optional Equipment

GO NOW, BECAUSE LATER HAS A BAD HABIT OF BECOMING NEVER....

Amid the uncertainty, one thing you can count on is the distractions that keep us away from doing the things we love, have been greater than ever. Right or wrong, we often give these distractions priority in our lives. The last couple of years have taught us many things, one being we can work and play while being socially responsible from almost anywhere in this great country. All we need are the right tools for the task. Since 1965, Lance Camper has been building some of the highest quality memory-making tools in the business.

Please enjoy your time reviewing our 2022 product lineup, we are excited to be able to bring you what we consider our best yet!

So, let's spend this season and beyond making more memories with the ones we love....

THE ADVANTAGES OF TRUCK CAMPER OWNERSHIP

UNMATCHED VERSATILITY

Often referred to as the most versatile RV on the market, the ability to go anywhere a pick-up truck can go and to tow just about anything are key reasons people love Lance truck campers. Additionally, the ability to unload your Lance camper and use your pick-up truck independently while camping and even as your daily commuter are fantastic benefits.

SUPERIOR MANEUVERABILITY

Maneuverability is best in class due to the more manageable size and smaller turning radius of the pick-up truck vs. larger RVs. A Lance truck camper will greatly increase your ability to explore on or off the road. Allowing more possible camping locations and traditional parking spots in town.

EASY TO DRIVE

Due to the ease and familiarity of driving a pick-up truck, many people who do not enjoy driving larger RVs, find Lance truck campers less stressful and a pleasure to operate.

OUTSTANDING OFF-ROAD CAPABILITY

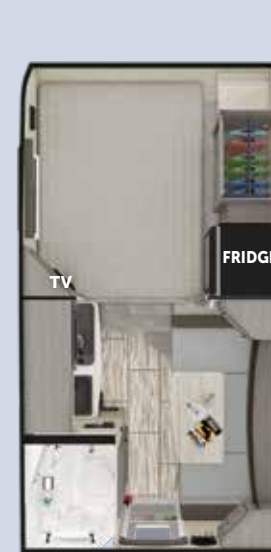

When combining the off-road capability of a pick-up truck, especially a 4x4, with a Lance Campers compact size and options such as solar power and onboard generator, "boon-docking" and "Overlanding" may become common phrases for you!

EXCELLENT RESALE VALUE

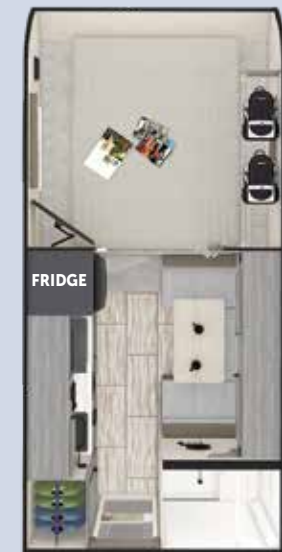

The versatile Lance truck camper has a history of holding a greater portion of its retail value than both its competitors and other types of RVs. Due to superior quality, properly cared for Lance truck campers are highly sought after, giving you more options when its time to look for your next new model.

DEALER INSTALLED SUPPORT EQUIPMENT

KEY SUPPLIER PARTNERS

- Receiver hitch extension** increases your trucks towing capacities and extends your receiver past the camper.
- Wireless Bluetooth Rear-View Camera/Microphone and In-Cab LCD Monitor** lets you see – and hear – what's behind you.
- Front & Rear Turnbuckles** are mounted to the frame to safely and securely attach and anchor the camper to your truck.
- Air Bags / Air springs** provide better handling and control under heavily loaded conditions.
- Upgraded Shocks** can greatly improve ride in all weather and road conditions.
- Rear-Mounted Centering Guides** assist in positioning your camper within the truck bed, and are available for most truck models.
- Sway bars** reduce body roll providing better vehicle control.

SELECT STANDARD FEATURES

Remote Control Operated Electric Jacks - Take the hassle out of loading and unloading your camper.

Residentially Styled Range - features high output burner, flush mount glass cover and oven, combine to make meal prep a breeze! (N/A 650 & 825)

PVC Roof - The roof is covered in energy-star rated Polyvinyl Chloride (PVC) material. Integrated rain gutters and drip spouts prevent the sides of your trailer from streaking.

Coleman 11K A/C - Quieter running system with soft start technology provides efficient cooling and use of a wider range of generators to power you're A/C when not on shore power.

Four Season's Comfort Technology Package - Key features including ducted holding tank heat, insulated hatch covers & insulated over-cab bed mat, keep you warmer in the winter and cooler in the summer!

Solid Surface Counter Tops - Residential styled galley counter tops look beautiful while resisting the negative effects of moisture.

Flat Bottom Microwave - Offers the latest cooking technology.

Mountain Scene Graphics - Provide a fresh and unique aesthetic evoking the bold spirit of truck camping.

12V LED TV - Enjoy the benefits of today's latest technology whether using shore power or while camping off the grid.

Keyed Alike System - Simplifies your key ring and keeps your belongings safe.

Latitude Powered Awning - Provides unobstructed shade with direct response wind sensor & LED light bar.

TPO Front Nose Cap - Protects your camper from debris and leaks while reducing drag and increasing fuel economy.

SELECT OPTIONAL FEATURES

Torklift Glow Step Stow N' Go - Provides sturdy, adjustable, glow-in-the-dark steps for safe and secure entrance and exit. (Optional on 650, 865, 855S & 850)

Rear Awning - Provides protection from the elements over the rear of your camper. Is model specific in either electric or manual operation.

Lance Load Roof Rack - Safely store your canoe, kayak, paddle boards, etc. N/A 650 (Weight Limit 500lbs. Distributed)

LTE/Cell Signal Booster - Boost your cell signal and reach more cell towers, while multiple users enjoy greater coverage and faster on-line speeds with no extra monthly fees.

Swingout Jack Brackets - Allow for easy & secure loading & unloading. (Optional on 850, 960, 975 & 1062 / Standard 1172)

Wireless Rear Camera W/Color Display and Sound - Makes backing up effortless.

Lance Exclusive ultraDECKplus - Offers extra storage and a spacious entry/exit platform. (Optional on 960, 975, & 1062)

Self-Locating Satellite Dish - Quickly finds the TV signal for you. (N/A 650)

OFF-GRID ADVENTURES & AVAILABLE BOONDOCKING FEATURES

MORTONS ON THE MOVE

“Years ago, we gave up the stationary life for one where we are constantly on the move. This year, we have been taking a Lance 1172 Truck Camper up through Canada and Alaska to the Arctic Ocean. The wilderness continues to call to us, and the Lance truck camper takes us confidently. Lance Truck Campers are known as “Alaska Tested Tough.” After testing it ourselves on some of the longest and notorious dirt roadways in North America, we can say with great certainty that this rig was built for this job!”

- Tom & Cait Morton

Solar Panel Charge Monitor maintains the life of the battery(s) by protecting it from overcharging.

Roof Mounted 100W Solar Panel (1 or 2) assists in keeping your battery(s) charged.

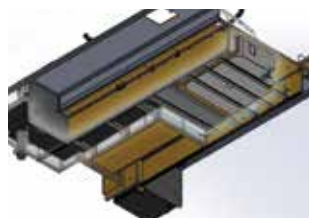

New Ultra-Quiet 2500W LP Generator over 60% quieter and less vibration than previous model. (855S, 960, 975, 1062 & 1172).

Lithium Batteries (1 or 2) are the latest battery technology offering more usable capacity vs. traditional batteries in a lighter, safer package.

1500W Power Inverter converts battery power to 110V power allowing use of select appliances and devices including laptops, CPAP machines and others, while your away from shore power. (960 only)

Large Fresh Water Tank Capacities provide flexibility to stay off the grid longer.

4 SEASONS COMFORT TECHNOLOGY

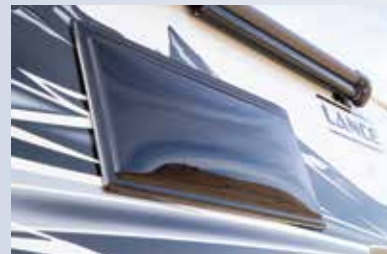

KEY FEATURES

Ducted heat is routed into individually insulated holding tanks to keep them, the valves and PEX lines warm.

Water heater bypass & winterizing valves make draining the system for winter storage a breeze.

Ultra-Lightweight Dual-Pane Acrylic Euro Windows - Provide a stylish aesthetic with a wide range of adjustability as desired, from the secured vent only position to wide open for maximum airflow.

Insulated hatch covers add an additional layer of insulation to vents and sky lights.

DESIGN & CONSTRUCTION

A. The slick, gloss fiberglass exterior walls are laminated under intense pressure with heat-setting adhesives for years of trouble-free use.

B. The roof is covered in energy-star rated Polyvinyl Chloride (PVC) material. Integrated rain gutters and drip spouts prevent the sides of your trailer from streaking.

C. Interiors are constructed of Euro-Ply which Lance imports. This superior product is lighter, formaldehyde free and stronger providing both beauty and durability.

D. With an aluminum-framed superstructure, the entire camper fits together like a perfect puzzle. "LanceLock™" features interlocking aluminum extrusions to connect all exterior panels.

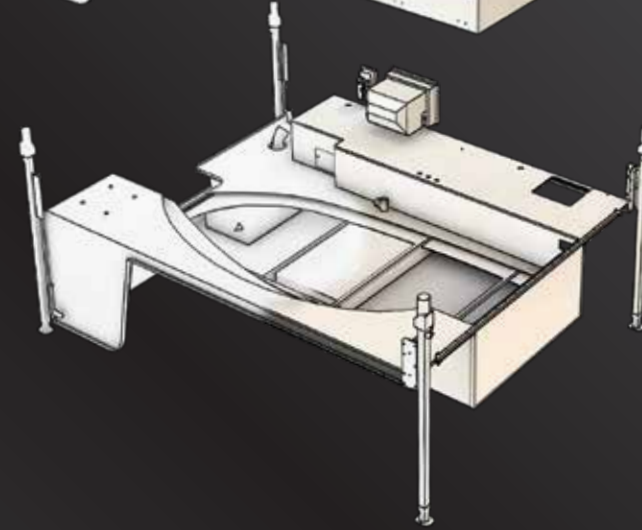

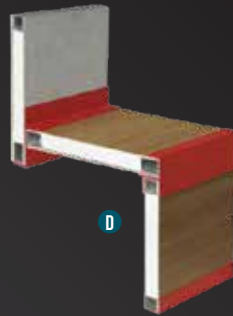

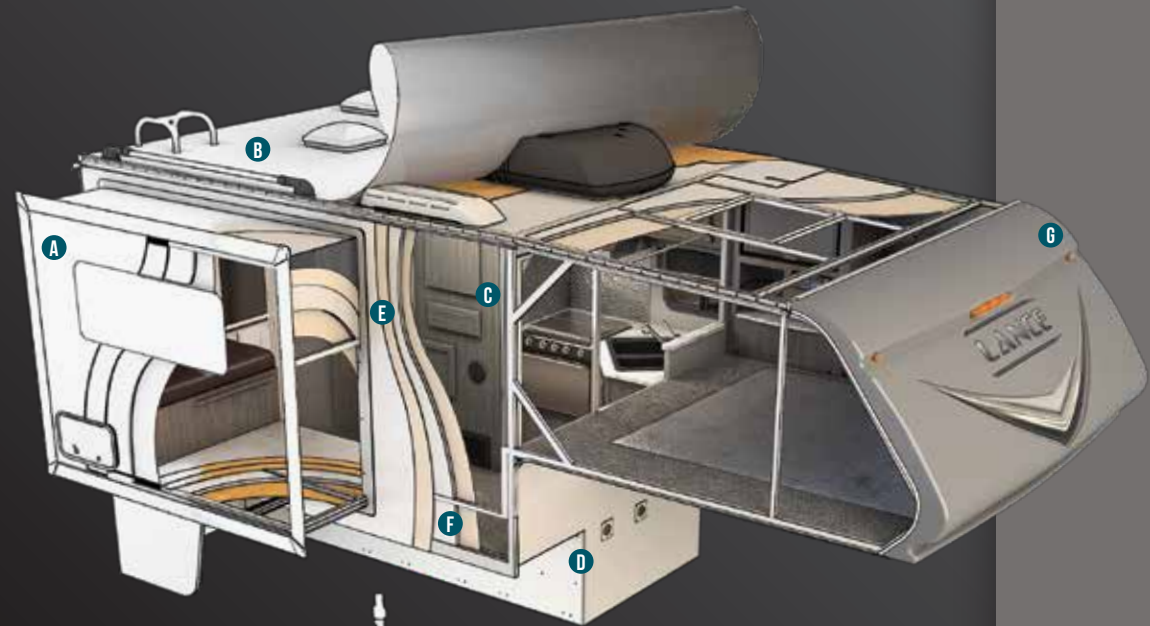

E. Lance utilizes an arrangement of composite materials in a laminated and pressure bonded sandwich construction for structural integrity, superior insulation and sound absorption.

F. Rigid block foam insulation fits tight to resist sagging and promotes structural strength. Four Season package also features insulated bed pad.

G. Beautiful and aerodynamic, the nose cap is made of TPO, the same material used for bumpers on automobiles. Its high gloss finish is resilient and resistant to the abuses of the road. Its slick surface makes it easier to clean.

3D advanced CAD engineering create precise plans that run CNC machinery. The result is that every part is the same and perfect every time.

Keeping it all together are stainless steel fasteners. Unlike our competitors, this expensive hardware resists corrosion making for a lasting investment.
