# QUICK FIX

## PROGRAM

### We're excited to share our new **QUICK FIX PROGRAM** with you.

In the RV world, repair turnaround times are often much longer than in other industries. At Royal Coach RV, we're committed to finding ways to reduce delays and get you back on the road faster.

Many warranty-related repairs don't require full diagnostics — in fact, a few clear photos and a short description of the issue are often all we need. By simply snapping a few pictures and sending us a quick email, you can potentially save weeks compared to standard repair timelines.

**If you would like to participate, follow these simple steps:**

### Quick Fix Photo Steps:

1. Take a close up photo showing the defect and where it is located.
2. Step back and take a photo of the overall view of the defect and where it is located.
3. Describe what the issue is and where it is located.
4. Send to [Quickfix@royalcoach-rv.com](mailto:Quickfix@royalcoach-rv.com)
