

## PREMIUM BUILD

### MADE IN THE USA

Made in the Midwest, In St. Croix Falls, Wisconsin. The team is dedicated to quality that can be passed onto the grandkids, at Imperial Outdoors they pride themselves in making the best trailers in the world, right here in the USA.

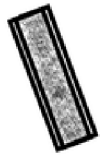

### ZERO ALUMINUM STUDS

With solid walls of almost 3 in thick composite, the strength of this material requires NO studs, reducing thermal bridging in the walls. Each piece of composite including the walls, ceilings, and floor are one solid piece without the support of metal or wood studs.

### ENDLESS MOUNTING POINTS

Unique to this trailer is endless mounting points so you can pack the gear how you want, and allow you to take the things you need to make your adventure special. The entire trailer is lined with T-track slots as well for addition mounting points.

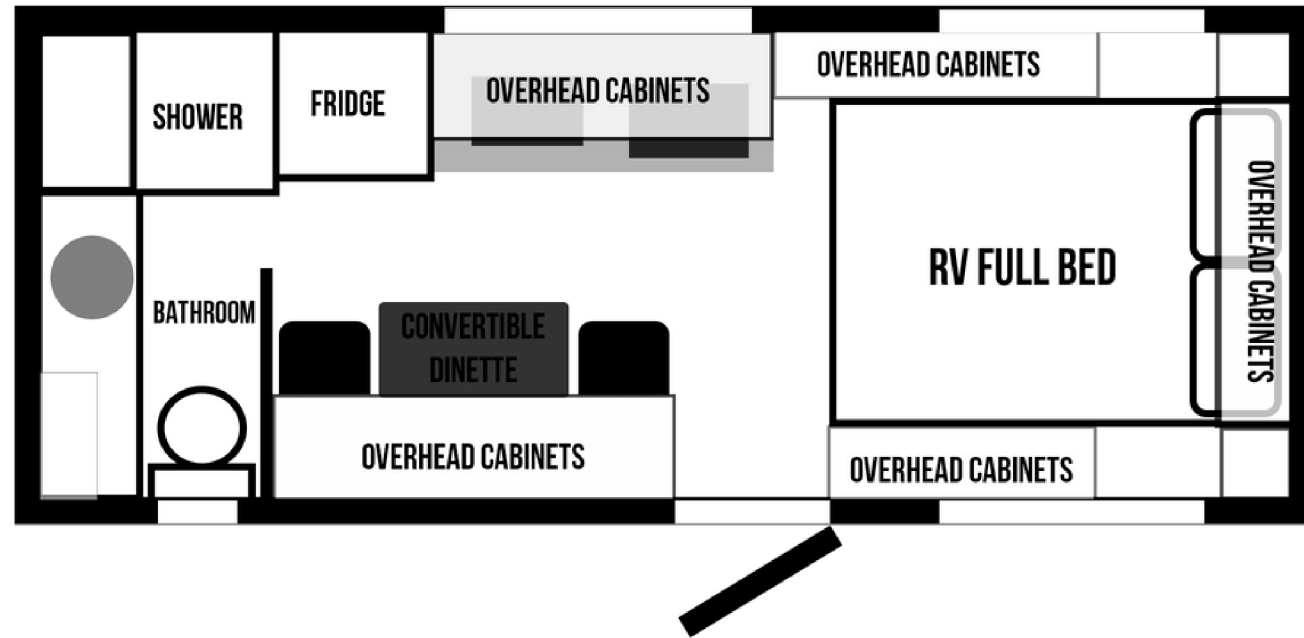

### THICK COMPOSITE WALLS

These walls are rated to be in the coldest and hottest of climates, with winter, 4-season capability down to -40 degrees. In summer, these walls can keep the cool air in, and the hot air out giving you comfort while you camp.

# ROAMER 1™ 2023

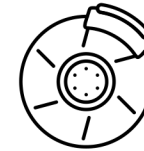

## OFF-ROAD READY

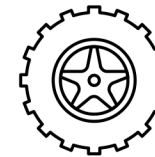

### CRUISEMASTER INDEPENDENT SUSPENSION

One of the best suspensions the world has to offer! With 4 Independent wheels on the ground couples with airbags and gas shocks, the Roamer 1™ can float over washboard roads saving wear and tear on the frame, and keeps everything inside safe.

### HYDRAULIC DISK BRAKES

Trailer brakes are a necessary tool when navigating rugged terrain, and while towing your trailer up and especially DOWN hills. These trailer brakes lock up nice saving your truck brakes from yearly replacement.

### MAXXIS MUD TERRAIN OFF-ROAD TIRES

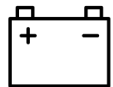

Other trails will put some big wheels, and flip the axles, but the Roamer 1 gives you a true off-road tire. These mud terrain tires can be aired down and give you great traction and feel while going over boulders.

### COMPLIMENTARY FULL TOOL SET

One of the most important lessons we have learned is to always be prepared. With the Roamer 1, we include a full tool kit so you can take care of the little things all by yourself.

## HIGH POWERED

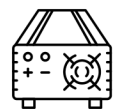

### 1080 AH LITHIUM BATTERY

Equipped with 3x 360Ah Expiion LiFePO4 batteries so you can power everything you need to, off-grid.

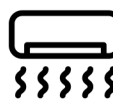

### 1000 WATTS SOLAR

Roof-mounted solar on a rack allowing for great airflow and increased efficiency meaning your solar will work the way it should.

### 2000 WATT INVERTER

Standard with a 2000 watt GoPower inverter giving power to all 120v outlets throughout the trailer. You can power laptops, consoles, TVs, etc.

### 12 VOLT AIR CONDITIONING

Runs with a Dometic RTX 2000 that can run solely off the batteries, no need for a generator or inverter to stay cool while camping.

## ADDED UPGRADES

### OUTDOOR KITCHEN

Crafted by ROA Off-Road, this outdoor kitchen features a Pitboss griddle, hot/cold sink, and a spice rack on a sturdy Slidemaster slide.

### CUSTOM FITTED ENGRAVED DISHWARE

Included are plates, bowls, mugs, glasses, and utensils all with custom built slots so they won't get damaged while conquering rough terrain.

### PREMIUM SOFT GOODS PACKAGE

Embroidered blankets, pillows, bath towels, and hand towels are included so you can pick up your camper and head straight to camp.

### FURRIOR BACK-UP CAMERA

Installed with a high-range camera so you can navigate into tight camping spots without yelling back and forth with your partner.

### HIGH QUALITY UPHOLSTERY

Fitted with high-end black leather upholstery with high density foam allowing for extreme comfort for the booth which also becomes a bed.

### SIMPLE TIRE PRESSURE MONITORING

Each tire including the rear spare comes with a TPMS valve giving you access to check the pressures right from a mobile app on your phone.

### MEMORY FOAM FULL SIZE MATTRESS

We take our beds seriously at ROA Off-Road so we have upgraded the bed to a plush, premium memory foam mattress.

### INTEGRATED STARLINK CONNECTION

One of the first of its kind, the Roamer 1 comes with an integrated Starlink port on the exterior of the trailer so you don't need to run cables through your windows.

## OFF-GRID EFFICIENT

### 60 GALLON FRESH WATER TANK

Striking a balance between capacity and weight, the Roamer 1 has plenty of water to be off-grid for multiple days at a time.

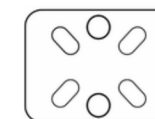

### WATERLESS TOILET

Standard with a Laveo Dry Flush toilet that uses ZERO water, and can be disposed of simply into a dumpster. No more RV dump lines and dirty work.

### ON-DEMAND HOT WATER

The Truma Combi has a hot water tank of over 2.5 gallons, so there is hot water ready to use whenever you need it, especially for those showers are a long day outdoors.

### SMART WATER MANAGEMENT

Comes set with the Nautilus P5 which allows for easy winterization, pumping from a stream, and easy hot water bypassing, you'll never struggle to take care of your water.

The Roamer 1™ is the pinnacle of innovation and quality in an off-road travel trailer. Truly standing in a class of its own, the Roamer 1™ has been designed to handle every condition from extreme temperatures to demanding off-road obstacles. ROA has teamed up with Imperial Outdoors to bring this incredible off-road trailer to life. You'll be stopped everywhere you go by admirers. Luckily you can escape the crowds and civilization with independent airbag suspension and be off-grid longer with 1080 amps of lithium and 1240 watts of solar.
