PREMIUM BUILD

BORN IN THE BUSH

Market Direct Campers is 100% Australian-owned and operated. Since 2005, MDC has grown from a family-owned business to a prominent manufacturer, with over 25,000 units sold across an expanding network of showrooms and production facilities. Known for producing high-quality, durable caravans and campers at affordable prices backed by a 5-year structural warranty and exceptional customer service.

FACTOR 5 CHASSIS

Built on an expertly engineered factor 5 chassis, exemplifying robust construction and unparalleled durability. This advanced chassis system, crafted from high-grade materials, provides exceptional strength and stability, ensuring the trailer can withstand the rigors of off-road conditions. The factor 5 design signifies a meticulous approach to engineering, offering an enhanced safety margin and superior handling capabilities.

INDUSTRY APPROVED

MDC Campers exemplifies excellence in trailer manufacturing, with compliance to the National Association of Trailer Manufacturers (NATM) and certification by the RV Industry Association (RVIA) and Pacific West Associates (PWA). These affiliations assure adherence to stringent safety and quality standards, highlighting MDC's commitment to producing superior, reliable trailers.

LIFETIME WARRANTY

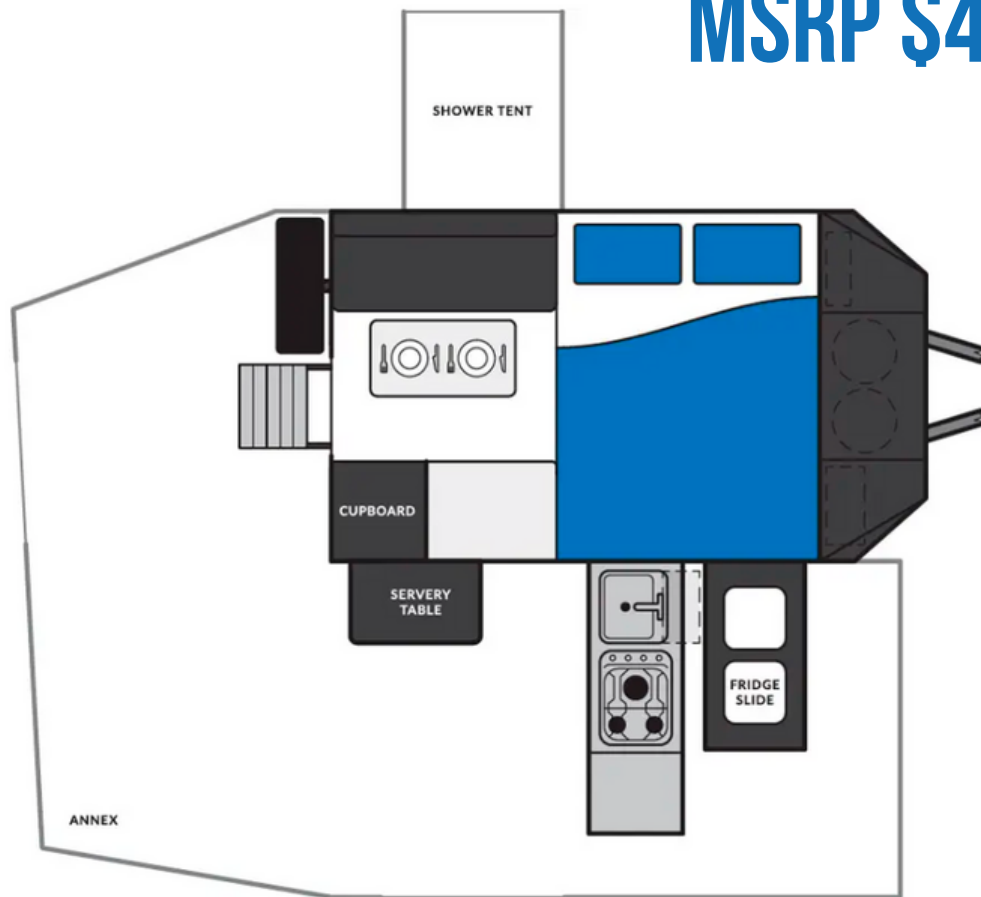

MDC trailers stand as a testament to exceptional durability and trustworthiness, underscored by their Lifetime Structural Chassis and Drawbar Warranty. This warranty reflects MDC's unwavering confidence in their construction quality and design integrity. Each chassis and drawbar is meticulously engineered and built to last, ensuring that your trailer withstands the challenges of rugged terrains and arduous journeys.

FORTE 9 2024

MSRP \$45,500

OFF-ROAD READY

X-TRACK INDEPENDENT SUSPENSION

The Forte 9 from MDC showcases a state-of-the-art suspension system, featuring the X-TRACK Independent coil spring suspension, complemented by two TOUGH TRAX Shock absorbers on each side. This advanced setup is engineered to provide superior handling and stability, adapting flawlessly to varying off-road conditions.

TRAIL-ASSURE BG-5000

The Trail-Assure BG-5000, electronic stability control offers unparalleled towing confidence for off-road enthusiasts. This system enhances the trailer's overall safety and performance, especially in rugged terrains, ensuring a smooth and secure adventure. Ideal for those who demand reliability in their off-road journeys.

GOODRIDE MT TIRES

The MDC Forte 9 is outfitted with high-performance Goodride MT tires, sized 265/75R16, mounted on 16x7.5 6/139.7 aluminum alloy wheels. These rugged tires are specifically designed for off-road conditions, providing excellent traction and stability on a variety of surfaces, from rocky paths to muddy trails.

EXTERIOR SHIELD

Armored with exceptional exterior shielding, ensuring it stands up to the harshest off-road conditions. It features robust checker plate walls that provide an extra layer of durability, protecting the trailer from debris and harsh elements. Additionally, the trailer is equipped with a comprehensive rock guard, including forward-facing and rear wheel mud flap protection.

HIGH POWERED

200 AH LITHIUM BATTERY

The MDC trailers are equipped with a robust 200 amp hours of battery power, provided by LiFePRO+® 12V 200Ah Lithium Iron Phosphate battery

525 WATTS SOLAR

Outfitted with a high-efficiency solar setup, boasting 525 watts with 3x 175W panels on the roof. This eco-friendly feature is designed for sustainable living and prolonged off-grid adventures.

BMPRO BATTERY MANAGEMENT SYSTEM

Featuring the advanced BMPRO Battery Plus35-11-HA Battery Management System, a cutting-edge solution for efficient power management. This system is paired with the RVVIEW2 battery monitor and BC300 external shunt, providing users with real-time insights into battery performance and health.

OPTIONAL PORTABLE A/C

Need to stay cool during those hot summer months? Get the optional portable A/C unit.

UNIQUE FEATURES AND OPTIONS

OUTDOOR KITCHEN

Features an elegantly designed outdoor kitchen that elevates the camping experience. Crafted from durable stainless steel, this kitchen is ideal for preparing meals in the great outdoors

OUTDOOR SHOWER

Comes with an easy to set up outdoor shower, that will also give you privacy if you choose to bring an off-grid toilet with you on your adventure.

BATWING STYLE AWNING

Want an easy way to protect yourself from the sun, or from bad weather? This awning is easy to reach without need of a stool or ladder.

BACK-UP CAMERA

Helpful 2.4GHz rear camera and 7" portable monitor so you can navigate into tight camping spots without yelling back and forth with your partner.

REAR ENTRY DOOR

The unique design of the rear entry door, gives every usable space of this trailer a purpose, from the outdoor kitchen, storage space, and spacious interior.

STANDING ROOM

Rare to a trailer of this size, the pop-up roof gives you the ability to move comfortably around the camper. It's hard to find a trailer this light, that offers an interior tall enough to stand in.

STANDARD FULL ANNEX

Comes equipped with an attachable full annex enclosure, significantly enhancing the outdoor living experience. This feature provides a spacious, enclosed area that extends from the main trailer

CRUISEMASTER DO35 HITCH

Outfitted with the Cruisemaster DO35 Hitch, an industry-leading towing solution renowned for its reliability and robust performance.

OFF-GRID EFFICIENT

31 GALLON FRESH WATER TANK

Striking a balance between capacity and weight, this camper with a 9 foot box, offers more water capacity than most trailers its size.

DOMETIC DFSD 12111 FURNACE

The Dometic DFSD 12111 Furnace, is a high-performance, propane-operated heating system designed to provide reliable and efficient warmth.

ON-DEMAND HOT WATER
