

MONACO[®]

DRIVING YOUR DREAM.

2006 CAMELOT[™]

**WITH 7 FEET OF CEILING HEIGHT,
THE SKY TRULY IS THE LIMIT.**

Welcome aboard the 2006 Camelot, where spaciousness reaches new heights and countless luxurious features combine to make this coach a home. Wherever your adventures lead, you can count on the might of 400 horsepower and the incomparable performance of the Roadmaster chassis to lead the way.

One glimpse of the gorgeous woodwork, and you know you're in a Monaco. Residential-style highlights include solid wood raised panel cabinet doors, crown molding and hardwood window boxes with fabric inserts.

Throughout the coach, you'll find stylish satin nickel finishing touches, including the cabinet hardware, bath accessories and decorative light fixtures. Another thoughtful feature is the series of halogen lights mounted on the undersides of the overhead cabinets in the living area, dinette and above the bedroom dresser.

- 1 Above the cockpit is the cabinet for the 24" flatscreen TV or the exciting optional 32" LCD TV. There's an antenna with video switching box and booster, and the coach is prepped for both cable TV and a digital satellite system, which is available as an option. (40PDD, Stained Cherry, Titanium)
- 2 The sleeper sofa gives you added space for family and guests, and you have the option of upgrading to a hide-a-bed sofa with air mattress or the Ultra Flex power sofa. (N/A: 38PDQ) (38PDQ, Natural Cherry, Saddleback)
- 3 The beautiful hardwood slide-out fascia features a carved design and fluted accents. (40PDD, Stained Cherry, Titanium)
- 4 If you're a movie buff, you'll love this impressive home theater system which is housed in the cabinets over the cockpit. It includes a VCR/DVD player and surround sound speakers. (40PDD, Stained Cherry, Titanium)

DESIGNED FOR THE MOST IMPORTANT PURPOSE: GETTING YOU THERE SAFE AND SOUND.

Yes, you're looking at one of the most stylish and attractive cockpits in the industry. And you're also looking at one of the safest. With ergonomic organization, advanced systems, easy-to-read gauges and adjustable brake and accelerator pedals you'll feel firmly in control. Plus, with the Roadmaster's rugged construction and steel firewall, you have unbeatable protection.

To the right of the instrumentation panel is the color monitor for the rear vision system with audio and an adjustable camera. For greater safety and to expand your view behind the coach, we suggest the optional 3-camera system with adjustable center camera. Another excellent option is the Aladdin™ Junior system, which uses the monitor to display important coach functions.

In the dash, you'll find the CD player and weather band, as well as the prep for a CB radio. For uninterrupted listening, a 10-disc CD changer makes an attractive option.

- 1 Whether you're driving or parked, you'll enjoy the unsurpassed comfort of the Ultraleather™ cockpit seats (OptimaLeather™ in the Ralph Lauren Hampstead Lane sport decor). The pilot's seat features six-way power controls, while the co-pilot's has a power footrest. Both have integrated three-point seat belts. (38PDQ, Natural Cherry, Saddleback)

WITH THIS KITCHEN AS A BACKDROP, EVERY SANDWICH IS A WORK OF ART.

You'll thoroughly love preparing meals in the Camelot's spacious kitchen with a large work area and plenty of storage. A highlight is the radius polished solid surface countertop with decorative V-grooved Corian® backsplash. At the stainless steel sink, you'll find a single-handle faucet with a handy pullout sprayer and a separate faucet that provides filtered water.

The top-notch appliances gleam with stainless steel and include the large wraparound four-door refrigerator with ice maker and the versatile convection/microwave oven.

The cabinets provide exceptional storage space with many added details, including built-in storage for the sink and cooktop covers, a roll-out pantry with a Corian® top, overhead cabinets with an adjustable shelf and a silverware drawer with an organizer to keep things tidy while you're on the road.

Beautiful ceramic tile flooring complements the decor and is both durable and easy to maintain.

1 The dinette features a legless polished solid surface table that seats four with the addition of two folding chairs. The large dining area of the innovative 40PAQ floorplan has a round hardwood table and is graced by four tall windows. (38PDQ, Natural Cherry, Saddleback)

**IT'S SIMPLE MATH. MORE INNOVATIONS
FROM US = BETTER EXPERIENCES FOR YOU.**

We cordially invite you to take a closer look at all the less-than-glamorous details that make this coach worthy of the name Monaco. Every feature is designed to make life on the road more enjoyable for you and your family.

When you're parked, you'll have the convenience of a fully automatic three-point leveling system.

The exterior mirrors are dual head, power controlled, heated and have turn indicator lights. For added safety, we mount them on the front cap, so you don't have to turn your head away from the road.

The roof construction is one-piece molded crowned fiberglass, for superior strength.

- 1 In the service bay, you'll find everything you need to keep things orderly, including a hot/cold water shower and soap and towel dispensers. Options designed to make hook-ups go even more smoothly include a power water hose reel and the RV Sani-Con tank drainage system. (38PDD, Saddleback)
- 2 Thanks to the Roadmaster chassis' basement truss system, you have large pass-through storage compartments that are perfect for oversized items. The slide-out tray allows you to retrieve your belongings without having to reach deep inside the coach. (40PDD, Titanium)

AWNINGS

The Camelot comes standard with a full package of high quality awnings, including automatic patio and front door awnings.

◆◆ PANAVIEW™

1-PIECE WINDSHIELD

(38PDQ, Saddleback)

AIR INTAKE

The air intake on the rear cap is located as high as possible, providing cleaner air to the engine.

SLIDE-OUTS

You can count on Monaco for the most reliable slide-out construction, with our exclusive interlocking aluminum frame design and multi-layer insulation.

BAGGAGE DOORS

Our exclusive side-hinged baggage door design offers unbeatable visibility into the storage compartments and makes it easier than ever to pack and unpack the gear you stow below.

ONE-PIECE WINDSHIELD

Our exclusive Panaview™ 1-piece windshield gives you the largest unobstructed view of the road ahead. The wipers are discreetly mounted below your sightline, and the side pillars are more slender, for a wraparound effect.

ROADMASTER RR8S-SERIES CHASSIS

A Equipped with a steel firewall for added safety.

B The main rails feature an exclusive raised rail design which provides for larger full pass-through storage bays with flush floors. Other highlights include a 3/8" thick frame rail — compared to the 1/4" of other manufacturers — and a stacked aluminum intercooler and radiator for optimum heat transfer and cooling.

C Eight outboard mounted air bags work in conjunction with gas-powered shock absorbers to prevent road trauma from ever reaching the coach.

D The power steering box allows for a 50-degree front wheel turn angle in both directions for better maneuverability and returns the steering wheel back to its center position to eliminate driver fatigue.

E This steel truss system is engineered as part of the chassis and provides outstanding strength and rigidity plus pass-through storage. In addition, the structure is pre-primed and coated with a rust-inhibiting paint.

Dual fuel fill allows you to fill the tank from either side of the coach, for greater convenience and flexibility at the pump.

F The cushion air glide suspension system with eight outboard mounted air bags and eight gas shock absorbers combine with ride height sensors (two in rear, one in front) to deliver better ride and handling.

G Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control. The Anti-Lock Braking System (ABS) gives you superior stopping power, especially on steep grades. Together, these sophisticated systems offer the very best safety on the road.

H You'll enjoy the peerless performance of the Cummins® ISL 400 electronic engine and the Allison® 3000 MH 6-speed World Transmission with electronic shifter. This powertrain offers 1200 lbs./ft. torque for maximum uphill performance. In addition, our exclusive use of synthetic transmission fluid allows for up to three-year maintenance intervals for the transmission.

I A 10,000 lb. tow hitch rating is the highest in its class.

J The three-point engine mounting system lowers the coach's center of gravity and reduces the amount of vibration that reaches the coach. The mounting also makes the engine easier to service by allowing the engine to be easily lowered through the bottom of the coach.

K The side-mounted aluminum radiator and intercooler reduce weight, are rust-resistant and deliver better heat transfer than steel cooling components.

OUTBOARD AIR BAG SUSPENSION

The outboard-mounted air bags are protected by two steel plates and are placed approximately 7-1/2 feet apart, providing a wider and more stable platform for the coach. The active suspension automatically adjusts the pressure of the air bags as you drive and virtually eliminates nose-diving and the side-to-side body sway associated with high wind conditions, curvy roads and emergency maneuvers.

ROOF CONSTRUCTION: (top to bottom)

- 1/4" seamless one-piece crowned fiberglass roof
- Luaun backing
- 2-1/2" thick, tapered bead foam insulation
- 1-1/2" x 3" aluminum I-beam superstructure on 16" centers is filled with 3" fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2" bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

FLOOR CONSTRUCTION: (top to bottom)

- Carpet pad and carpeting or tile
- Structurwood™
- 1 1/2" Dow Structure Foam® insulation
- 1 1/2" x 1 1/2" square tubular frame
- 1/8" luaun
- Waterproof Darco underbelly

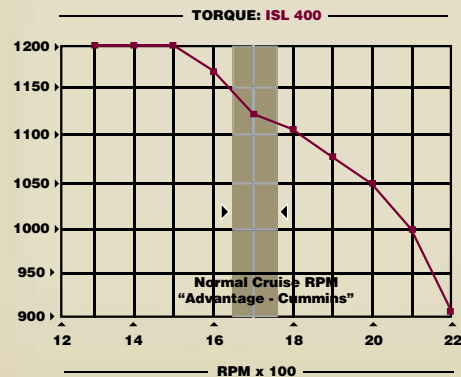

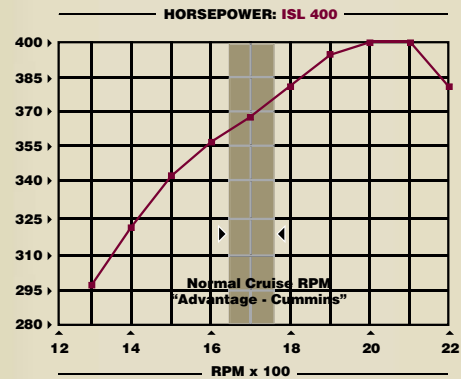

SIDEWALL CONSTRUCTION: (right to left)

- High-gloss gel coat fiberglass
- 1-1/2" thick Dow Structure Foam® insulation
- 1-1/2" x 1-1/2" square tubular aluminum frame
- 1/8" luaun
- Wallpaper

OUR PHILOSOPHY: DO ONE THING,
AND DO IT BETTER THAN ANYONE.

The quality of your coach all starts with the chassis on which it's built. Everything from safety and reliability to performance and convenience begin with the chassis you're driving. A division of Monaco Coach Corporation, Roadmaster is the leading high-end diesel chassis manufacturer — because that's all we do. Yes, we have a 100% commitment to producing only chassis for motorhomes. And that's something no other chassis manufacturer can say.

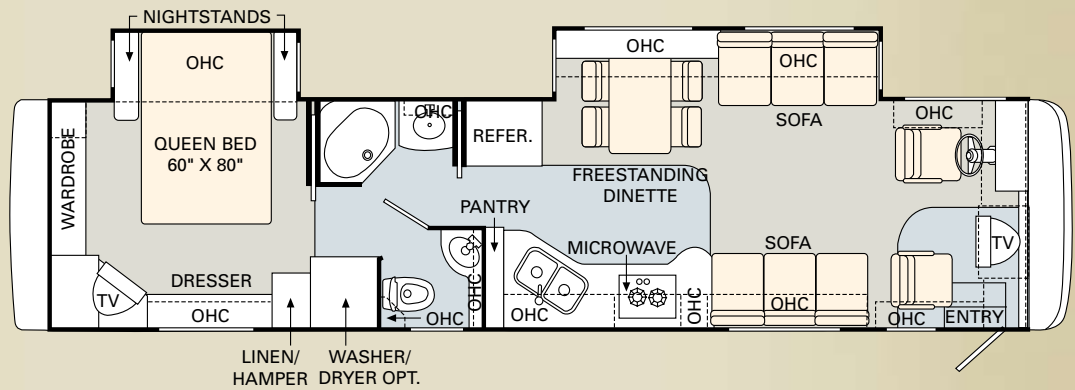

The 2006 Camelot is powered by a Cummins® ISL 400 HP engine — giving you maximum torque at the RPM where you need it most.

The 2006 Camelot is available in a remarkable selection of innovative floorplans ranging from 38' to 40', with double, triple and quad slide-outs. No matter which one you choose, you'll enjoy more livable interior space and more easy-to-reach storage than any other manufacturer has to offer.

When you think Monaco, you think impeccable styling. And 2006 is no exception. No matter where your tastes lie — from traditional to contemporary, conservative to bold — we give you more ways to turn your motorhome into your dream home. The Camelot is proud to offer the Hampstead Lane Sport Decor by Ralph Lauren.

Note: Colors depicted are a reasonable representation though they may not be an exact match of the actual colors due to variances in processing and production. See your dealer for actual fabric and paint chip samples.

Better Stain Protection

Manufactured in, not added on. For added protection against stains, soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

- 1 Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.
- 2 All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.
- 3 Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco Coach provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco Coach dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Monaco Coach models. Monaco Coach, the Monaco logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

WARRANTIES

12 month/24,000 mile
basic limited warranty

5 year/50,000 mile
limited warranty on aluminum or steel frame
structure of sidewall, roof, front and rear cap

3 year/36,000 mile
limited warranty on Roadmaster chassis

Applies to certain models. See owner's manual for complete details.

THERE'S STRENGTH IN OUR NUMBERS.

As you consider your RV purchase, there's one thing we'd like you to keep in mind: Nobody does customer service like Monaco. Period. Our staff is available 24/7/365 to help you with virtually any situation that may arise — with troubleshooting, operational instruction or facilitating repairs at the nearest of our 350 nationwide service centers. In addition, you'll be enrolled in our Owner Advantage Roadside Assistance Program free of charge for your first year of ownership — providing additional emergency assistance, including towing, tire repairs and many more services around the clock. In short, when you purchase an RV from Monaco Coach Corporation, you get a wider array of benefits than any other manufacturer can offer. To see it all for yourself, call 1-800-634-0855 or 1-800-650-7337 to arrange a tour of one of our state-of-the-art production facilities in Oregon or Indiana.
