

VOLT

Camp your way with VOLT

Go Anywhere with the Journey Package

A Heated & Enclosed Underbelly along with Torsion Axles & Heavy Duty Tires lets you take the **VOLT** anywhere, anytime of year.

Camp Longer with the Eco-Charged Solar Package

A revolutionary 48V system along with 3 385-Watt Solar Panels and a 6000W Sine Inverter gives you the flexibility to camp **your way**.

The Volt was designed with the serious RVer in mind. **Laminated fiberglass** sidewalls and rooftop, along with **marine-grade composite flooring** prevent molding or rotting of the unit. **Hardwood**, **residential cabinets**, **solid-surface countertops**, and **frameless windows** provide a luxury feel inside. With its best-in-class **Solar Package**, you can enjoy an extended camping trip without needing to be plugged in.
