

# 2015 Interstate Grand Tour Touring Coach adventure, inspired by **AIRSTREAM**

"Every now and then, somebody comes up with a no-brainer. Such was the case when the think tank gurus at Airstream and Mercedes-Benz put their heads together to create the Airstream Interstate Touring Coach."

*Lake Michigan Shore Style & Culture magazine*

## Best In Class

Innovative engineering. Premiere craftsmanship. Unparalleled design. It's all part of Airstream's "Pursuit of Perfection" — and it's why the Airstream Interstate is considered to be the ultimate Touring Coach on the road today.

With its beautifully appointed, well-equipped cabin, superior handling and unmatched reliability, it's no wonder this highly acclaimed vehicle tops the wish list of so many road-loving adventurers. Isn't it time you experienced the Airstream difference?

The 8-Point Pursuit of Perfection Checklist:

- **Safety**
- **Design**
- **Craftsmanship**
- **Innovation**
- **Technology**
- **Luxury**
- **Performance**
- **Peace of Mind**

# 2015 Interstate Grand Tour Specifications

## Superior Safety, Systems, and Support

Beyond the luxurious interior and the exquisite exterior, you'll find superior engineering and technological excellence that delivers the most highly advanced, state-of-the-art systems on the road today.

- The Mercedes-Benz® Sprinter 3500 chassis is built to Airstream's unique specifications and is powered by a 3.0L V6 Turbo Diesel with BlueTEC SCR technology that delivers an impressive 18+ MPG and has a heavy duty towing capacity of up to 5,000 pounds!
- Advanced safety systems are integrated throughout the Interstate. These include state-of-the-art Mercedes-Benz Adaptive ESP® (Electronic Stability Program) with trailer assist, 6 safety air bags, Collision Prevention Assist, Lane Keeping Assist, Blind Spot Assist, High Beam Assist, Parking Assist, Xenon headlights and rear view camera monitor along with a first aid kit, LP gas detector, smoke and CO<sub>2</sub> alarm and fire extinguisher
- Other systems and support include: Maintenance System – Mercedes-Benz Active Service System (ASSYST). Navigation System – World Leading GPS NAV System. Electrical System – with automatic EMS (Energy Management System). Plumbing System – macerator waste pump, fresh and grey heated tanks. Construction System – highly advanced 7 layer composite flooring system that's 1.5" thick, high gloss curved laminated cabinetry with premium hardware, Ultraleather® seating, Corian® countertops, and signature aluminum ceilings. Entertainment System – in-dash and in-cabin multi-media. Support System – 24/7 roadside assistance with Coach-Net.

For safety, performance, unsurpassed quality and unbeatable durability, the Airstream Interstate Grand Tour is second to none. Those that roll with the best, roll with the Interstate.

The Grand Tour floorplan is designed with a focus on longer-term adventures for two. The Grand Tour is built on the Interstate EXT platform and includes a larger galley with additional counter and multi-functional storage space, a flexible workspace desk and an oversized fridge, freezer, and optional dual screen doors.

- adds over 30 cubic feet of additional storage
- oversized power bed 70" x 82" that accommodates two adults
- expanded galley with extra-deep drawers and dedicated pantry storage
- flexible workspace with hide-away desk and LED HDTV on swivel bracket

Product information, specifications and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

Dry Weights – Based on standard features; optional equipment not included. Net Carrying Capacity (NCC) is determined by subtracting Unit Base Weight (UBW) from the Gross Vehicle Weight Rating (GVWR), and is the capacity available for water, options and cargo. Liquid capacities and weights are approximations only.

Warning – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
