WINNEBAGO

On the Cover: 34T Pewter Full-Body Paint

34T Reflection with Coffee-Glazed Honey Cherry Cabinetry

Make the Move to Diesel

If you love diesel-pushers but don't love their typically hefty price tag, it's time to say hello to the Solei® from Winnebago®. It puts diesel-pusher performance and an upscale motorhome lifestyle within reach for more enthusiasts than ever. The Freightliner® XCS chassis sets the tone with a Cummins ISB 340-hp diesel engine. Select from three floorplans, such as the enhanced double-slideout 34T with the new Project 2000 front

overhead bunk option that expands your sleeping space for family or guests. All floorplans are smartly designed with space-saving features such as the BenchMark® dinette and a sofa that converts to a bed. A cutting-edge entertainment center and available fireplace make you feel at home while the Versa cab seats provide added comfort whether you're on the road or just relaxing. Make your diesel-pusher aspirations a reality in the Solei.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

34T Reflection with Coffee-Glazed Honey Cherry Cabinetry

A sidewall entertainment center with 48" or 50" HDTV is the focal point of an incredible lounge designed to facilitate conversation, television viewing and sleeping with ease. Each floorplan boasts a slideout with a BenchMark® Dinette and the Flexsteel® Fold N Tumble sofa or Rest Easy® reclining sofa. The 34T gives you the option of Winnebago's exclusive inLounge™ sectional sofa that expands to seat the entire family. LED ceiling lights and available MCD solar/blackout roller shades come standard and you can get cozy with the available electric fireplace.

34T Rest Easy Sofa Reclined

34T Available Fireplace

A spacious galley is a must in today's diesel pusher, and the Solei® pushes the limits with elegant features like an expansive Corian® countertop and a decorative backsplash. The sky is the limit when planning your meals thanks to a microwave/convection oven, three-burner range and two-door residential refrigerator/freezer with an icemaker.

34T Range Cover

34T Bedroom

Enjoy a private master bedroom with a queen bed and large wardrobe. Upgrade to the Nouveau™ Ideal Rest® Digital comfort control mattress that lets you digitally dial in your comfort level for a better night's sleep from coast to coast. All three floorplans feature a standard bedroom HDTV, with the 38R including a space-saving flip-down model built into the ceiling. The 38R brings a new level of flexibility to family travel with a multipurpose room housing a Flex Bed system that converts into comfortable bunk beds.

Dash

Welcome to diesel living. In the Solei, that means the performance of a 340-hp Cummins® ISB diesel engine and the comfort of a power-adjustable Versa driver's seat. The standard passenger seat can be swapped for the +Lounge that adds a footrest and flip-up workstation. The cab stereo system is rolled into the rearview monitor for quick and easy touch screen control. This same system includes an iPod®/MP3 input, a remote, and it can be upgraded with SiriusXM™ radio.

Cab Shades

+Lounge with Flip-up Work Station

Pull in, park and press a button to extend the Carefree® Latitude lateral arm patio awning with a built-in motion sensor—the first RV awning that extends without requiring any unsightly vertical sidewall supports. Then pull the chairs out of the large, lighted storage bays and enjoy an outdoor movie on the 32" HDTV in the available exterior entertainment center. A premium high-gloss sidewall skin gives your Solei a cutting edge appearance that is further enhanced by stylized aluminum wheels on the 36G and 38R.

Fiberglass Roof The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Aluminum extruded in our own facility to our exacting standards creates an extremely strong and solid structural framework.

**SUPER
STRUCTURE**
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction standards. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago motorhome.

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a firsthand look at the dedication and technology behind every motorhome we build.

Call (641) 585-6936 or (800) 643-4892 or visit us online at WinnebagoInd.com/company/visit for more information.

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96." In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
