**UNLOCK A WORLD OF
POSSIBILITIES**

Braun UVL wheelchair lift

Powered sofa/bed

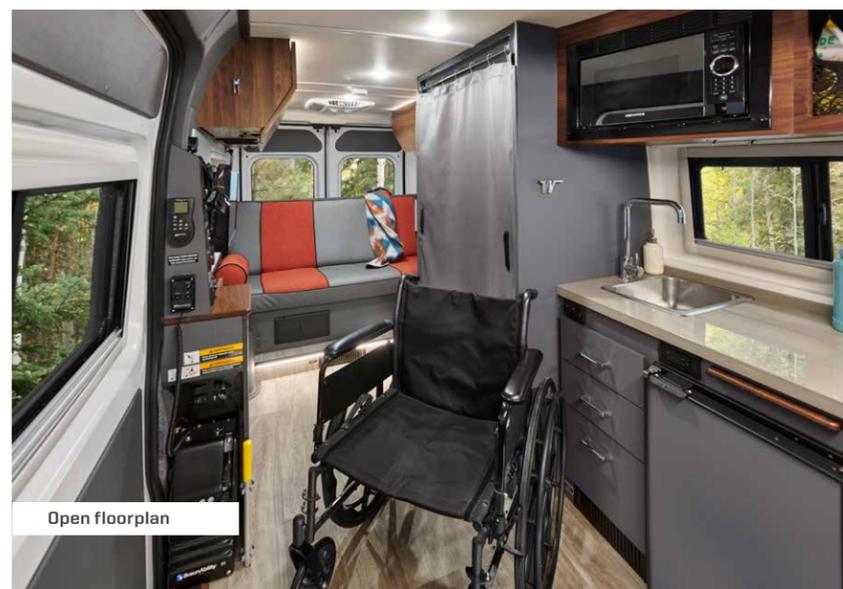

Flip-up table

Accessible Bathroom

Q'Straint tie downs

Open floorplan

Drop down cabinet

The Winnebago Roam is an Accessibility Enhanced camper van specially outfitted to provide an exceptionally comfortable, private and convenient way to travel, whether across town or across the country.

Built on the proven Ram chassis

The foundation of the Roam™ is the Ram® chassis, a proven package that delivers ample power, fuel efficiency and agile handling, and incorporates a full suite of safety features, including rear camera and cross-wind assist.

Remote-controlled wheelchair lift for easy access

The Braun UVL wheelchair lift with wireless remote and 750-lb. capacity, provides easy access into and out of the Roam, while integrated tie-downs secure the wheelchair and allow you to use it as another seat while you travel.

A private bathroom everywhere you go

The Roam bathroom features an integrated shower and a cassette-style toilet, and eliminates the inconvenience and stress of trying to find a clean, accessible restroom while away from home.

A comfortable place to rest or sleep

At the push of a button, the Roam's powered sofa/bed converts into a comfortable sleeping space for overnight camping or for taking a rest between the day's activities. Bring the whole family with an optional, easy-to-use pop-top, which comfortably sleeps two.

Smarter storage solutions

Cabinets and storage compartments are designed to provide easy access while seated.

Convenient galley for meals on the go

The galley includes a refrigerator, microwave and sink, plus an outlet for your favorite kitchen appliance or induction cooktop, making it easy to bring along and prepare your favorite foods.

All Roams share these common features/parts:

Driver and passenger swivel seats, galley with 12v refrigerator/freezer, microwave, hanging storage pantry; displays and controls usable from a seated position; wet bath with grab bar, powered sofa/bed; 5 upper storage cabinets with one having pull-down feature; 3,000-watt inverter; 2 Group 31 AGM batteries; gas-powered timberline heating system for water and air; convenient water-center panel; Coleman Mach 10 NDO air conditioner; and much more.
